PROBE HALTED, SAYS BURNS

Sought "Higher-Ups" in Dope Traffic at Atlanta Prison.

QUESTIONED BY COMMITTEE

Testifies One of His Agents Told Him That Brother-in-Law of the Late President Harding Had Ordered Investigation of Dope Traffic Stopped, Means Dropped For Activity In Probing Mexican Revolts, He Says.

Washington, April 5.—Dope traffic at the Atlanta federal prison was delved into by the senate Daugherty investigating committee.

William J. Burns, chief of the bureau of investigation, appeared before the probers and declared that he was prevented from going after the "higher ups" behind the "dope" traffic at Atlanta penitentiary. He said that he was told by one of his agents that Superintendent of Prisons Votaw, brother-in-law of the late President Harding, had ordered his investigation of the traffic stopped. Burns said he had appealed to his superiors in the department of justice without avail.

Burns told the committee that if he had been permitted to push the inquiry he believed he would have caught those behind the traffic and stopped it. He said the traffic is still going on, as part of the activities of a nationwide drug "ring."

Witness also testified that he had reports at the time of the Cantu revolution against Oregon in Lower California in 1921 that guns and ammunition were shipped from a Los Angeles hardware store into Mexico. Guns in the shipment were later found in the hands of the Cantu revolutionists, he said.

Senator Wheeler asked Burns why Gaston B. Means was dropped from the department of justice. "He was too active investigating Mexican revolutions," Burns replied. Burns said Means "certainly did uncover a great deal of the whisky ring in New York. His investigation involved some very prominent people." "I always felt that I could rely upon the investigations Means made for me."

Burns defended the custom of employing "dollar a year" men, like Fred Upham and Ed E. McLean. Both, he said, had given valuable service to the department. Brookhart questioned McLean's services and Burns turned upon him vigorously, almost shouting, "If you are trying to say something nasty about McLean I won't help you. He is a friend of mine." "That's the worst thing I have heard about you," Brookhart retorted.

Witness denied that the late Jesse Smith exercised undue authority around the department of justice. "He never directed my men to do anything. I would not stand for it had he tried."

Copy of a letter purporting to be from Charles Vincent of Baltimore to Elias H. Mortimer setting forth an agreement whereby Mortimer was to get Vincent's 12-month sentence in a federal prison commuted for \$50,000, was introduced in the record of the committee. Senator Wheeler said he would show later that the matter "was connected with the department of justice." Mortimer was chief government witness before the grand jury that indicted Charles E. Forbes, former director of the veterans' bureau.

Introduction of the letter came during testimony of Dyche of Oklahoma, former warden of Atlanta penitentiary. Dyche said Vincent served his term and was then released.

Secretary of War Weeks transmitted to the committee all war department records in aircraft cases which the committee demanded. Weeks requested that all but one of them be considered by the committee in secrecy. He said the records were of great importance to litigation already in the courts or about to be taken to them, that the sum of \$42,000,000 was involved and that if contents of the records were made known to the defendants of the suits, it would "result in great injury to the public interest."

New Head of Motor Bus Division.
Columbus, April 5.—Commerce Director Locher announced the appointment of James A. Cahill, Chillicothe, as chief of the motor bus division of the public utilities commission, and L. C. Smith of Columbus as assistant. Cahill fills the vacancy left by resignation some weeks ago of Herman Schafer of Bellaire. Cahill was assistant chief of the division under Schafer and Smith was an inspector.

TO PROBE BANK'S RECORDS

Senate Committee to Hold Hearings at Washington Court House.

Washington, April 5.—Chairman Brookhart of the senate committee investigating former Attorney General Daugherty's conduct of the department of justice, announced that the committee had decided to hold hearings in the near future at Washington Court House, O., to examine the records of the Midland National bank, of which M. S. Daugherty, brother of the former attorney general, is president. The decision to investigate the estate of the late Jesse Smith was made to relieve the bank of being without its records for any great length of time, Brookhart said. Mal Daugherty refused to bring them to Washington or permit the committee's examiners to inspect them. The committee probably will leave for Washington Court House week after next. Wheeler (Dem., Mont.) and Moses (Rep., N. H.) probably will be the committee members to go.

JUSTICE OF PEACE COURTS DEFENDED

Exception Taken by Official to Crabbe's Statement.

Columbus, April 5.—J. W. Richards of Uniontown, O., state secretary of the Association of Justices of the Peace and Constables of Ohio, in a letter to Attorney General Crabbe, makes a vigorous defense of the justice of the peace courts in Ohio as regarding the enforcement of prohibition. The letter was in reply to Crabbe's statements that "justice of the peace courts in Ohio must go." Richards says in his letter that of the courts which have become shamefully notorious in Summit county, more than one-half are mayor's courts.

"Then why do you so viciously condemn all justice of the peace courts for their graft, extortion and bribery," while you condone these mayor's administrations by suggesting that they be given jurisdiction within their own villages, and cities, while issuing your statement that all justice of the peace courts must be abolished?" Richards asks in his letter. He adds: "It is fully conceded that, as you are quoted as saying, 'mainly all of the present corruption has grown up around so-called enforcement of liquor laws.' This being true, I want to ask you, if anyone in the state of Ohio has contributed as much as yourself to this situation?"

Woman's Confession.
Chicago, April 5.—Mrs. Beulah Annan, 22, confessed she shot and killed her sweetheart, Harry Kolstedt, 25. It started off at a gin party, while her husband was at work in a garage, Mrs. Annan said. A quarrel started over another man. Kolstedt threatened to break with the woman, and as he started to leave she shot him.

School Forced to Close.
London, O., April 5.—The first school to close in Madison county through lack of funds was the Jefferson township school near West Jefferson. A special meeting of officials is to be held to devise some means to reopen the schools within the next week.

TRUCK DRIVERS FLASH BADGES

Evading Highway Restrictions in Northern Ohio.

GOVERNOR SEES CONSPIRACY

Cleveland Company Intimates That an Order For Some of the Badges Came From "Some One in the Secretary of State's Office"—Secretary Brown Disclaims Knowledge of the Source of the Emblems.

Columbus, April 5.—Governor Donahey alleges a plot in connection with the discovery that truck drivers in northern Ohio have been wearing badges authorizing them to evade restrictions against vehicles loaded excessively.

An investigation is under way, the governor indicated. Advances from Cleveland are that more than 200 of the badges were manufactured by Taylor Brothers company of Cleveland and William J. Taylor, vice president of that company, is quoted as being of the opinion that an order for some of the emblems came from "someone in the secretary of state's office at Columbus."

Secretary of State Brown disclaims any knowledge of the possible source of the fake badges. He declared that nobody had been authorized by him to obtain or use such emblems of authority. He also expressed the belief that his various deputy inspectors of auto licenses throughout the state have had nothing to do with the matter and admitted that a plausible explanation might lie in the theory that one or more large trucking concerns might have issued badges to their drivers in order to evade the weight limit law.

Many arrests for overweight trucks have been made by sheriffs of northern Ohio counties since Governor Donahey issued his order. The governor announced that a thorough investigation of the badge situation will be made, with particular emphasis on the alleged connection of the wearers of the badges with the auto division. The report from Cleveland is to the effect that the Taylor company's badges bear the inscription "Inspector Automobile Department Ohio."

Only six badges were issued by the state auto division to attaches of that office, the secretary of state indicated, the emblems being worn by six regular, salaried state automobile inspectors. It is to be noted that their badges bear the words "automobile division" and not "department." Deputy inspectors, who serve without pay, have been provided with no badges of any kind, Secretary Brown announced. They carry, instead, a card by way of credentials, he said.

WOULD AID SCHOOLS

Senator Gardner Favors Special Session of Legislature.

Columbus, April 5.—State Senator Joseph Gardner of Hamilton county was in consultation here with state officials and members of the general assembly. He said the legislature owes it to the state and its people to call a special session some time this year before the November election in order to enact remedial legislation for bankrupt schools. "We ought not to let anything deter us from providing relief for hard-pressed schools, and if we wait until the next regular session in January it may result in two years more of delay before relief is possible," he declared. "By passing emergency legislation of a remedial character at a special session this spring or summer the measure can be submitted to a referendum at the November election. If objection to it arises," he added, "By waiting until next January we lay ourselves open to the possibility of a referendum thereafter and consequent further blocking of relief measures for a two-year period."

Women Dry Agents Accused.
Cleveland, April 5.—A charge that he was surprised by a woman dry agent while taking a bath and forced to get out of the tub and accompany her on a search of his home, was made in an affidavit sworn to before County Prosecutor Edward C. Stanton by Frank Dolinsky, 70. Dolinsky charged women dry raiders stole \$113 and two watches from his home.

Truck Hit by Train.
Youngstown, O., April 5.—Louis Sigle was killed and his brother, Nathan Sigle, seriously injured when their truck was hit by a train at Williamsfield.

STEFAN RADITCH

DOINGS IN OHIO

Ohio Peach Crop Killed.

Columbus, April 5.—State-Federal Crop Reporter C. J. West announced that the commercial peach crop in Ohio has been practically all killed. West, who has just returned from an inspection trip into the peach growing districts of Ohio, said the zero weather of January following the mild and unusually rainy weather of December has left very little prospect for peaches, especially in the Sandusky district, which is by far the largest of peach producing section of the state. Damage is heaviest in Ottawa, Erie and Lorain counties, West says. In the southern peach growing districts of Ohio practically all peaches have been killed off, but the prospects there are slightly better.

Safety Director Suspended.

Canton, O., April 5.—Safety Director E. E. Curtis, brother of Mayor C. O. Curtis, deposited several days ago by Governor Donahey, was suspended, by Acting Mayor Charles M. Ball. At the same time Mayor Ball reinstated Police Chief S. A. Lengel, suspended March 18 by Mayor Curtis. Ball said he would not rename the acting safety director until Governor Donahey had passed on the charges against Mayor Curtis.

Missing Student Located.

Cincinnati, April 5.—Alton Flickinger of Delta, O., student at Ohio State university, who disappeared a week ago Wednesday, was located here. His father, H. Guy Flickinger, received a letter from him saying that he was staying at the Y. M. C. A. in this city. Flickinger said in his letter that he had suffered a mental lapse. The father came here to take the boy home.

Young Woman Shot.

Springfield, O., April 5.—Thelma Nicewaner, 16, was fatally wounded following a shooting in front of her home here. She says Cyrus Dewitt, 35, shot her when she refused to accompany him for a walk. She said he had been drinking. The bullet entered her breast and lodged under a rib in her back.

Educator Kills Self.

Toledo, April 5.—William H. Crane, noted educator and writer, is dead here, a suicide. He shot himself through the head in the bathroom of his home. Coroner Hensler said Crane's act was due to melancholia and ill health. Crane was born in Delaware county Aug. 27, 1866.

Asks For Divorce.

St. Clairsville, O., April 5.—Mrs. Vira G. Pursglove, woman coal operator, filed a suit for divorce from Joseph Pursglove, Cleveland millionaire coal operator. She alleges ill treatment. She operates a mine at Banhook.

Boy Killed.

Cincinnati, April 5.—Lloyd Rickels, 7, was instantly killed when his head was crushed under the front wheel of an auto driven by Ira Hauck. Hauck is held upon a technical charge of manslaughter.

Langley Pleads Not Guilty.

Washington, April 5.—Representative Langley (Rep., Ky.), who was indicted recently on charges of conspiracy to commit alleged illegal removal of whisky from government warehouses, entered a plea of not guilty. Millard F. West, former deputy commissioner of internal revenue, indicted with Langley, also pleaded not guilty.

EASY SAILING FOR COOLIDGE

Will Win the Nomination in a Walk, Says Butler.

CHAIRMAN ADAMS TO RETIRE

Nebraska and California the Only States Where Coolidge Faces a Real Preconvention Fight, His Campaign Manager Says—Borah Mentioned in Connection With Temporary Chairmanship of Convention.

Washington, April 5.—William M. Butler, campaign manager for President Coolidge, claims that within two weeks Coolidge will have 620 delegates to the Republican national convention to be held at Cleveland in June.

To date a total of 325 delegates is claimed by Butler, who said his claim of 620 "makes a liberal allowance for any contingency." Manager Butler has just come here for a series of conferences in which will be settled the temporary and permanent chairmanships of the Cleveland convention and the chairmanship of the Republican national committee.

It has been definitely decided that John T. Adams, the present chairman, will not continue in that position after the convention. The chairman to be chosen in June will be the active manager of the Coolidge campaign from then on, assuming that Coolidge is nominated, as all indications are that he will be. Butler said his survey of conditions in the middle west and west convinced him that Nebraska and California are the only states where Coolidge faces a real pre-convention fight. He said Coolidge will carry Nebraska, but made no predictions concerning Hiram Johnson's home state.

The current investigation by the senate will be forgotten by the public in the main before the campaign is very old, Butler predicted. "I think it unlikely that they will have much effect on the campaign," he said. "It will proceed, in my opinion, along normal lines."

Butler said he had no comment on the suggestion that Senator Borah be named temporary chairman and keeper of the convention. His own senatorial candidacy will not interfere to any great degree, Butler stated, with his close attention to the Coolidge campaign. However, he made it plain that this statement was not to be taken as an intimation that he would head the national committee. That matter, he said, has not been settled.

NEED OF ROAD WORK

Highway Department Plans Census of All Vehicular Traffic.

Columbus, April 5.—The state highway department plans a census of all vehicular traffic at 160 distinct points in Ohio during the week of April 14-20, for the purpose of determining the need of road work, particularly of maintenance. "Owing to the vast amount of road work needed in Ohio and because of limited funds, especially for maintenance, it becomes necessary to give attention first to those roads on which traffic is heaviest. Other roads will not be neglected, however, but will be improved as funds permit," Highway Director Boulay announced.

Division engineers have been ordered to detail certain employees as traffic observers for the week designated, who will observe all traffic passing a given point during 14 hours daily, from 7 a. m. until 9 p. m. Another census is projected for July.

RADIO SETS HIT

Senate Finance Committee Favors a Tax of 10 Per Cent.

Washington, April 5.—All radio sets costing \$15 or more, will bear a 10 per cent tax under a provision inserted in the revenue bill by the senate finance committee. All Mah Jongg sets worth \$5 or more must pay 10 per cent. It will just be added to the price, because the manufacturer or importer is to pay it.

The committee approved the house reduction of automobile taxes, including elimination of the 3 per cent tax on trucks, the chassis of which is priced below \$1,000, and the 50 per cent reduction on accessories, etc. In addition the senate committee approved repeal of the tax on truck bodies sold separately at \$200 or less.

By repealing tax on candy the committee estimated that it saved candy buyers \$13,000,000.

THE WEATHER.
Ohio—Sunday: Probably fair.

PROGRESS REPORTED

In the Construction of State Prison Farm in Madison County.

Columbus, April 5.—In his annual statement to Director of Public Welfare, W. F. Amrine, manager of the London prison farm, reports progress in the construction of the administration building. He advises that \$100,000 worth of material which had been purchased three or four years ago, and which "was rapidly deteriorating," has been salvaged and "together with \$67,000 worth of new material has been incorporated in the building." Growth and development of the prison farm has been rapid, the report says, citing the erection and equipment of a new creamery, an ice plant, refrigerator system, breproom cannery and warehouse, a large bank barn, a blacksmith shop, water supply system, the dredging of 8,000 feet of Oak run, opening of a new gravel pit and near completion of the first of the system of permanent buildings, the administration building. He recommends the purchase of additional farm land to keep up with the development of the present farm and to provide work for prisoners.

Body of Infant Found.

New Lexington, O., April 5.—Mrs. Mary Ferguson and her daughter, Mary, both of San Toy, Perry county, are held for investigation in connection with the discovery of the body of a baby about eight days old beneath a house adjoining the Fergusons. Mayor C. A. McIntyre of San Toy notified Sheriff Minshall when dogs unearthed the body, which was wrapped in a sack.

BANDITS KILL SALESMAN

Held Up Bank and Escape With Several Thousand in Cash.

Bellmore, N. Y., April 5.—Bandits held up the First National bank of Bellmore, Long Island, shot and killed Ernest L. Whitman, a New York bond salesman, and escaped with approximately \$2,000 in cash. The men drove up to the bank in an automobile, entered with drawn revolvers and backed employees up against a wall. Two of the bandits entered the teller's cage and scooped in all the money in sight. Threatening the employees with death if one moved, the robbers started for the door in a group just as Whitman entered. He was shot down before he had a chance to protest or escape.

Wound Proves Fatal.

Atlanta, Ga., April 5.—Albert Wells, chief of police of Woodbury, Ga., shot by George Thrash, 15-year-old negro, who later was lynched, died at a hospital here. Wells was shot through the head when he sought to arrest the boy for stealing money from a bank, the lad wresting the policeman's pistol from his hand.

Boy Badly Hurt.

Cleveland, April 5.—Bruce Bramley, 5, was seriously hurt when bricks shaken loose from the cornice of a building toppled on him and his brother, as they passed by. The brother, Leonard, 8, jumped from the fall of bricks, but was slightly injured.

Brakeman Killed.

Columbus, April 5.—Walter E. Morrow of Newark, railroad brakeman, was killed under his own train in the Columbus yards.

MARKET QUOTATIONS

CHICAGO, April 5.
Cattle—Top steers, \$11.50; bulk of sales, \$8.50@10.75; stockers and feeders, \$6.50@8.50; calves \$8.50@11.
Hogs—Top, \$7.55; bulk of sales, \$6.70@7.55; packing sows, \$6.60@9.00; pigs, \$5.50@7.50.
Sheep and Lambs—Native spring lambs, \$13.50@16.75; ewes, \$8@12.
Receipts—Cattle, 6,000; hogs, 37,000; sheep and lambs, 8,000.

CLEVELAND, April 5.
Cattle—Steers, \$5.50@10.25; heifers, \$5.50@8; bulls, \$4.60@6.50; cows, \$2.50@2.55; calves, \$7@13.
Hogs—Yorkers, \$7.75; heavies and mediums, \$7.55; pigs and lights, \$7.85; roughs, \$6.25; stags, \$4.50.

In the southern peach growing districts of Ohio practically all peaches have been killed off, but the prospects there are slightly better.

Safety Director Suspended.

Canton, O., April 5.—Safety Director E. E. Curtis, brother of Mayor C. O. Curtis, deposed several days ago by Governor Donahey, was suspended, by Acting Mayor Charles M. Ball. At the same time Mayor Ball reinstated Police Chief S. A. Lengel, suspended March 18 by Mayor Curtis. Ball said he would not rename the acting safety director until Governor Donahey had passed on the charges against Mayor Curtis.

Missing Student Located.

Cincinnati, April 5.—Alton Flickinger of Delta, O., student at Ohio State university, who disappeared a week ago Wednesday, was located here. His father, H. Guy Flickinger, received a letter from him saying that he was staying at the Y. M. C. A. in this city. Flickinger said in his letter that he had suffered a mental lapse. The father came here to take the boy home.

Young Woman Shot.

Springfield, O., April 5.—Thelma Nicewaner, 16, was fatally wounded following a shooting in front of her home here. She says Cyrus Dewitt, 35, shot her when she refused to accompany him for a walk. She said he had been drinking. The bullet entered her breast and lodged under a rib in her back.

Educator Kills Self.

Toledo, April 5.—William Her Crane, noted educator and writer, is dead here, a suicide. He shot himself through the head in the bathroom of his home. Coroner Hensler said Crane's act was due to melancholia and ill health. Crane was born in Delaware county Aug. 27, 1866.

Asks For Divorce.

St. Clairsville, O., April 5.—Mrs. Vira G. Pursglove, woman coal operator, filed a suit for divorce from Joseph Pursglove, Cleveland millionaire coal operator. She alleges ill treatment. She operates a mine at Banhook.

Boy Killed.

Cincinnati, April 5.—Lloyd Rickels, 7, was instantly killed when his head was crushed under the front wheel of an auto driven by Ira Hauck. Hauck is held upon a technical charge of manslaughter.

Langley Pleads Not Guilty.

Washington, April 5.—Representative Langley (Rep., Ky.), who was indicted recently on charges of conspiracy to commit alleged illegal removal of whisky from government warehouses, entered a plea of not guilty. Millard F. West, former deputy commissioner of internal revenue, indicted with Langley, also pleaded not guilty.

EASY SAILING FOR COOLIDGE

Will Win the Nomination in a Walk, Says Butler.

CHAIRMAN ADAMS TO RETIRE

Nebraska and California the Only States Where Coolidge Faces a Real Preconvention Fight. His Campaign Manager Says—Borah Mentioned in Connection With Temporary Chairmanship of Convention.

Washington, April 5.—William M. Butler, campaign manager for President Coolidge, claims that within two weeks Coolidge will have 620 delegates to the Republican national convention to be held at Cleveland in June.

To date a total of 325 delegates is claimed by Butler, who said his claim of 620 "makes a liberal allowance for any contingency." Manager Butler has just come here for a series of conferences in which will be settled the temporary and permanent chairmanships of the Cleveland convention and the chairmanship of the Republican national committee.

It has been definitely decided that John T. Adams, the present chairman, will not continue in that position after the convention. The chairman to be chosen in June will be the active manager of the Coolidge campaign from then on, assuming that Coolidge is nominated, as all indications are that he will be. Butler said his survey of conditions in the middle west and west convinced him that Nebraska and California are the only states where Coolidge faces a real pre-convention fight. He said Coolidge will carry Nebraska, but made no predictions concerning Hiram Johnson's home state.

The current investigation by the senate will be forgotten by the public in the main before the campaign is very old, Butler predicted. "I think it unlikely that they will have much effect on the campaign," he said. "It will proceed, in my opinion, along normal lines."

Butler said he had no comment on the suggestion that Senator Borah be named temporary chairman and key-note of the convention. His own senatorial candidacy will not interfere to any great degree, Butler stated, with his close attention to the Coolidge campaign. However, he made it plain that this statement was not to be taken as an intimation that he would head the national committee. That matter, he said, has not been settled.

NEED OF ROAD WORK

Highway Department Plans Census of All Vehicular Traffic.

Columbus, April 5.—The state highway department plans a census of all vehicular traffic at 160 distinct points in Ohio during the week of April 14-20, for the purpose of determining the need of road work, particularly of maintenance. "Owing to the vast amount of road work needed in Ohio and because of limited funds, especially for maintenance, it becomes necessary to give attention first to those roads on which traffic is heaviest. Other roads will not be neglected, however, but will be improved as funds permit," Highway Director Boulay announced.

Division engineers have been ordered to detail certain employees as traffic observers for the week designated, who will observe all traffic passing a given point during 14 hours daily, from 7 a. m. until 9 p. m. Another census is projected for July.

RADIO SETS HIT

Senate Finance Committee Favors a Tax of 10 Per Cent.

Washington, April 5.—All radio sets costing \$15 or more, will bear a 10 per cent tax under a provision inserted in the revenue bill by the senate finance committee. All Mah Jongg sets worth \$5 or more must pay 10 per cent. It will just be added to the price, because the manufacturer or importer is to pay it.

The committee approved the house reduction of automobile taxes, including elimination of the 3 per cent tax on trucks, the chassis of which is priced below \$1,000, and the 50 per cent reduction on accessories, etc. In addition the senate committee approved repeal of the tax on truck bodies sold separately at \$200 or less. By repealing tax on candy the committee estimated that it saved candy buyers \$13,000,000.

THE WEATHER.

Ohio—Sunday: Probably fair.

PROGRESS REPORTED

In the Construction of State Prison Farm in Madison County.

Columbus, April 5.—In his annual statement to Director of Public Welfare, W. F. Amrine, manager of the London prison farm, reports progress in the construction of the administration building. He advises that \$100,000 worth of material which had been purchased three or four years ago, and which "was rapidly deteriorating," has been salvaged and "together with \$67,000 worth of new material has been incorporated in the building." Growth and development of the prison farm has been rapid, the report says, citing the erection and equipment of a new creamery, an ice plant, refrigerator system, fireproof cannery and warehouse, a large bank barn, a blacksmith shop, water supply system, the dredging of 8,000 feet of Oak run, opening of a new gravel pit and near completion of the first of the system of permanent buildings, the administration building. He recommends the purchase of additional farm land to keep up with the development of the present farm and to provide work for prisoners.

Body of Infant Found.

New Lexington, O., April 5.—Mrs. Mary Ferguson and her daughter, Mary, both of San Toy, Perry county, are held for investigation in connection with the discovery of the body of a baby about eight days old beneath a house adjoining the Fergusons. Mayor C. A. McIntyre of San Toy notified Sheriff Minshall when dogs unearthed the body, which was wrapped in a sack.

BANDITS KILL SALESMAN

Held Up Bank and Escape With Several Thousand in Cash.

Bellmore, N. Y., April 5.—Bandits held up the First National bank of Bellmore, Long Island, shot and killed Ernest L. Whitman, a New York bond salesman, and escaped with approximately \$2,000 in cash. The men drove up to the bank in an automobile, entered with drawn revolvers and backed employees up against a wall. Two of the bandits entered the teller's cage and scooped in all the money in sight. Threatening the employees with death if one moved, the robbers started for the door in a group just as Whitman entered. He was shot down before he had a chance to protest or escape.

Wound Proves Fatal.

Atlanta, Ga., April 5.—Albert Wells, chief of police of Woodbury, Ga., shot by Beach Thrash, 15-year-old negro, who later was lynched, died at a hospital here. Wells was shot through the head when he sought to arrest the boy for stealing money from a bank, the lad wresting the policeman's pistol from his hand.

Boy Badly Hurt.

Cleveland, April 5.—Bruce Bramley, 5, was seriously hurt when bricks shaken loose from the cornice of a building toppled on him and his brother as they passed by. The brother, Leonard, 8, jumped from the fall of bricks, but was slightly injured.

Brakeman Killed.

Columbus, April 5.—Walter E. Morrow of Newark, railroad brakeman, was killed under his own train in the Columbus yards.

MARKET QUOTATIONS

CHICAGO, April 5.
Cattle—Top steers, \$11.50; bulk of sales, \$8.50@10.75; stockers and feeders, \$7.50@8.50; calves, \$8.50@11.

"Walled Lakes" in Iowa

There are a number of so-called "walled lakes" in Iowa, among them one in Wright county. They were formed as a result of glacial action. The shore lines were gradually built up by the action of the waves against the shore, together with the expansive force of the ice. In some cases the walls look as though they had been built by man. The lake in Wright county has a wall from 3 to 10 feet high, the stones of which range in size from three to a hundred pounds.

Women Wield Influence

Even in Afghanistan women wield an influence over the affairs of state, and its domestic policy is never without the disturbing effect of a jealous woman's interference. Indeed, the sway of the harem in the court circles at Kabul is as pronounced as the power of the priests, a condition of affairs that is no small departure from the old order, when women and priests were relegated to the background.

**Little Misses' Frock of Pale Blue Chiffon**

Most dainty is this little dress of pale blue chiffon, trimmed with ruffles and tiny rosebuds.

Shorter Skirt Favored by Designers in Paris

From Paris come reports that skirts are noticeably shorter, but as yet American women have not taken up the new length. While very long skirts are not seen, it is quite apparent that women regulate the length of their skirts to conform to their type and lines.

In evening frocks, particularly those of the period type, skirts barely escape the insteps, but for any other purpose they are about eight inches from the floor.

The little cape either as part of a frock or as a separate wrap continues to hold its own, and in a new version it appears as an integral part of a bathing suit to be worn the coming summer.

These suits, by the way, are the last word in beach costumes and are wonderfully attractive. Made of mohair in shades of madonna blue, of soft gray green and of Chinese red, they have little round collars of fine white pique and fasten with white pearl buttons. The tunic reaches just above the knees, allowing several inches of knickers to be seen. The long sleeves are finished with cuffs of pique and there is a short circular cape that fastens onto the sleeves with flat buttons.

A cape similar in style is a feature of the costume. Charming in its straight lines, it is developed in heavy white tussor with conventional motifs embroidered in myrtle green silk. The dress is beltless and fastens with loops and self-covered buttons.

A tiny hat of green faille carries out the color scheme.

Corded Materials Are Again Given Approval

The twills of other seasons are being replaced by wool rep, and ribbed and corded materials are featured extensively in all fabrics. In combination with silk and artificial silk a surface is effected which adds richness to the simple untrimmed frock of today.

Such a tendency toward corded materials recalls the ottoman of our grandmother's best gown. The skill and technique of the textile designer and manufacturer today has made it possible to revive these rich materials with all the suppleness that fashion demands.

In the world of cottons, organdie has given way to her unstarched sister, batiste. Soft ecru tones in batiste and lace alternating around a bouffant skirt fashion a dance frock for the youthful, and a rosette of ribbon flowers in pastel tones with streamers of color dropping to the hem emphasizes the low waistline where skirt and bodice join.

All-over embroideries on a voile and crepe background are prominent and there is a feeling of the colonial spirit in the patterning, although in many instances the spirit of 1880 is evidenced, as in printed silks.

New Sport Fabric Looks Like Heavy Silk Crash

The new sport fabric, popular because of its texture as well as the shades in which it is produced, belongs rightfully to the eponge family. It looks a bit like heavy, rough, finished silk crash, and may be pure silk or combined with artificial silk. Such a fabric has many uses and when made into the new straight-line blouse adds a smart touch to a plaited chiffon skirt. A scarf of this fabric forms part of the blouse, for scarves have gained so in importance that one scarcely designs a frock without including this bit of throw carelessly about the throat. A monogram on one end of the throw may be the only note of ornament and it is usually black. There is something about these soft solid tones that invariably calls for a note of black, however small.

In woolsens, for they can never be overlooked, regardless of season, flannels, kadhas and crellins mark the world of sports. One-color effects follow the trend but very discreet color mixtures are prominent.

Memorial to an Apple.
There is a monument of stone with a bronze tablet which marks the spot where the York Imperial apple was developed from a seedling 100 years ago. The monument is erected on a farm along the Baltimore pike, two miles from York, Pa., and was dedicated a few days ago.

Common Sense Greatest Gift.
Notwithstanding all our admiration for genius, and our longing for gifts, for talents, there is no endowment so envious as sound common sense. It may not soar into the heavens, nor fathom the deeps, nor achieve earth's wonderful successes, but it is the balance wheel of life.

VERMONT WILL HAVE NEW LAKE IN SPRING

Dam to Form Reservoir to Develop Electricity.

Whitingham, Vt.—Spring will see a new Deerfield valley in southern Vermont. Where once a turbulent little river rushed between the mountains and past dwellings, schoolhouses and tiny cemeteries and through tangled forests, a peaceful lake will mirror the great hills.

Finding its outlet in a tunnel which will carry its water to a powerhouse far below, the lake will furnish the power which, transformed into electricity, will travel over many miles of high-tension wires and operate a large number of New England industrial plants.

Engineers of the New England Power company began work in June, 1922, on this hydro-electric project, one of the greatest in the northeastern section of the country.

It involved the building of an earth dam 200 feet in height and said to be the largest of its kind in the world. It involved also the removal of many buildings, the transfer of several cemeteries to high ground, the relocation of the tracks of the Hoosac Tunnel and Wilmington railroad and the clearing of hundreds of acres of timber and brush.

The reservoir above the great dam is ten miles long and covers an area of 2,200 acres. Its estimated capacity is 38,000,000 gallons of water.

The power to be created will be carried over a transmission line for a distance of 76 miles to Millbury, Mass., the center of the company's system. This line will carry 110,000 volts of electricity.

The spring rains and the melting snow on the mountainsides will swell the little river and the huge amount of water that heretofore has gone to waste will gradually fill the reservoir. The engineers figure the new lake will be fully created by April or May.

The dam itself is 1,300 feet thick at the base, 200 feet in height and 1,250 feet across. It covers 18 acres and contains 1,900,000 cubic yards of earth. The railroad has been diverted to run over the top of the dam.

In the whole construction of this project only one man was killed. A workman slipped while digging a three-foot ditch, fell into the ditch and broke his neck.

Landlord's Bonus for Babies Brings Results

New York.—Twenty babies, including a set of twins and a set of triplets, have been born within the last year in the 40-family apartment house owned by Jordon Swenson, at York and Van Vorst streets, Jersey City, and they have cost Swenson almost \$800. He told all his tenants a year ago that every baby born would get a bonus, and since then the stork has been consistently on the job. Every boy born gets a bonus of \$50 and every girl \$25, and no families without children are permitted to lease flats in the building.

Mr. Swenson, who owns a dry dock not far from the apartment house, bought the building a year ago and the first thing he did was to build a two-story baby carriage garage. If the stork continues to be as busy as he has been he expects to have to build an addition to the garage soon. A baby carriage starter has charge of the garage and the carriages now, with more than fifty of them to attend.

Michigan to Seize All Fireworks in Stores

Lansing, Mich.—An order forbidding the sale or use of fireworks in Michigan, except by municipalities, fair associations or amusement parks, was issued here recently by Harry H. Jackson, commissioner of public safety, and Homer Rutledge, state fire marshal.

The order authorizes the state fire marshal, any mayor, chief of police or chief of a fire department, or any supervisor, to confiscate and destroy all fireworks offered for sale, on display, or in use in Michigan.

Eats 14 Onions a Day

Phoenixville, Pa.—John Ferguson eats 14 onions each day and never has been ill one day in his life. About 141,120 onions have been eaten by him during 30 years since he began the eating.

"You can have your apples, but give me a dish of raw onions and no salt," he says.

"Wait! You May Lose" Wins Safety Contest

Washington.—First prize has been awarded to a poster bearing the warning, "Wait! You May Lose!" submitted by Martin H. Gambree of Brooklyn in the contest conducted by the American Railway association in preparation for an intensive campaign to reduce grade-crossing accidents.

A prize of \$500 was offered for the best poster, and another of \$100 for the best slogan, and Mr. Gambree obtained both. R. S. Feeley of Baldwinville, N. Y., won the \$200 prize offered for the second best poster, and H. Day Lowry of Richmond, Va., won the \$100 third prize. More than 20,000 slogans and 5,000 posters were submitted.

Corpuscles of the Blood

A painstaking German scientist, practiced in the juggling of trillions as a result of the approach of the mark to the absolute zero, has published some startling statistics concerning the corpuscles of the blood, those microscopic entities which give it its color and its life-giving power. Laid edgewise in single line the corpuscles from the blood of a healthy adult would extend nearly five times around the earth at the equator. Counting five of them every second, it would require 160,000 years to count every one of the 25,000,000,000 of them. The corpuscles of two men would reach as far as the moon if placed edge to edge.

His Way

"I often," admitted J. Fuller Gloom, "advise my acquaintances to read Washington Irving's tales and the works of J. Fennimore Cooper, Mrs. Sigourney, Mrs. Felicia Hemans, Edgar Lee What's-his-name, and so forth, including Horace Hunkthunder. Of course, I never read any of them myself, having too much regard for my sense and comfort, but the part that I enjoy is that my hearers thank me and declare they have already read and enjoyed them, and not one has yet found any fault with Hunkthunder, who, of course, does not and never did exist."

Utilizing Sewer Gas

An Australian engineer has put sewer gas to work driving an engine. He built a 16-horsepower plant and collected the gas which emanated from the septic tanks of his own town of Parramatta to use as fuel for his engine. The supply turned out to be so sure that the plant can be left to run for days at a time without any attention. In this particular installation the work is merely to pump out the sewage itself; but nevertheless it saved the cost of the coal.

Bird Courts.

Rooks and crows are known to hold court for the trial and punishment of their delinquent mates.

Memorial to an Apple.
There is a monument of stone with a bronze tablet which marks the spot where the York Imperial apple was developed from a seedling 100 years ago. The monument is erected on a farm along the Baltimore pike, two miles from York, Pa., and was dedicated a few days ago.

Common Sense Greatest Gift.
Notwithstanding all our admiration for genius, and our longing for gifts, for talents, there is no endowment so envious as sound common sense. It may not soar into the heavens, nor fathom the deeps, nor achieve earth's wonderful successes, but it is the balance wheel of life.

**VERMONT WILL HAVE
NEW LAKE IN SPRING**

**Dam to Form Reservoir to
Develop Electricity.**

Whitingham, Vt.—Spring will see a new Deerfield valley in southern Vermont. Where once a turbulent little river rushed between the mountains and past dwellings, schoolhouses and tiny cemeteries and through tangled forests, a peaceful lake will mirror the great hills.

Finding its outlet in a tunnel which will carry its water to a powerhouse far below, the lake will furnish the power which, transformed into electricity, will travel over many miles of high-tension wires and operate a large number of New England industrial plants.

Engineers of the New England Power company began work in June, 1922, on this hydro-electric project, one of the greatest in the northeastern section of the country.

It involved the building of an earth dam 200 feet in height and said to be the largest of its kind in the world. It involved also the removal of many buildings, the transfer of several cemeteries to high ground, the relocation of the tracks of the Hoosac Tunnel and Wilmington railroad and the clearing of hundreds of acres of timber and brush.

The reservoir above the great dam is ten miles long and covers an area of 2,200 acres. Its estimated capacity is 38,000,000 gallons of water.

The power to be created will be carried over a transmission line for a distance of 76 miles to Millbury, Mass., the center of the company's system. This line will carry 110,000 volts of electricity.

The spring rains and the melting snow on the mountainsides will swell the little river and the huge amount of water that heretofore has gone to waste will gradually fill the reservoir. The engineers figure the new lake will be fully created by April or May.

The dam itself is 1,300 feet thick at the base, 200 feet in height and 1,250 feet across. It covers 18 acres and contains 1,900,000 cubic yards of earth. The railroad has been diverted to run over the top of the dam.

In the whole construction of this project only one man was killed. A workman slipped while digging a three-foot ditch, fell into the ditch and broke his neck.

**Landlord's Bonus for
Babies Brings Results**

New York.—Twenty babies, including a set of twins and a set of triplets, have been born within the last year in the 40-family apartment house owned by Jordan Swenson, at York and Van Vorst streets, Jersey City, and they have cost Swenson almost \$800. He told all his tenants a year ago that every baby born would get a bonus, and since then the stork has been consistently on the job. Every boy born gets a bonus of \$50 and every girl \$25, and no families without children are permitted to lease flats in the building.

Mr. Swenson, who owns a dry dock not far from the apartment house, bought the building a year ago and the first thing he did was to build a two-story baby carriage garage. If the stork continues to be as busy as he has been he expects to have to build an addition to the garage soon. A baby carriage starter has charge of the garage and the carriages now, with more than fifty of them to attend.

MEDICAL SOCIETY**Regular Monthly Meeting Held at Williamsport Friday Night.**

The Pickaway County Medical society held its regular monthly meeting at Williamsport Friday night. The arrangements for the meeting were in charge of Drs. Marcy and Sheets, of Williamsport, and Ginder, of Darbyville.

The society and their friends number nearly thirty sat down at 6:30 to the most elaborate dinner they have yet had. The Parent-Teacher association of Williamsport, prepared a dinner in the basement of the high school building which was a close second to an old-fashioned Thanksgiving layout. The grade teachers, in uniform, acted as waitresses. During the entire meal Miss Helen Betts at the piano led her quintet composed of Misses Hurst, Jennings, McGee, Stone and Churtz in one encored selection after another.

After the dinner the regular business of the evening followed. Dr. John Dudley Dunham, of Columbus, addressed the society on "Cancer of the Stomach." Those from out of the county included Drs. Holmes and Merkle, of Chillicothe; Dr. Dunham, of Columbus; Dr. R. H. Trimble, of Mt. Sterling and Dr. Jones, of Clarksburg.

I. O. O. F. INITIATION.

The second degree, known as Brotherly Love, was conferred on two candidates Friday evening by Columbia lodge. The work was put on very nicely by the Odd Fellows team of Derby. A banquet followed the initiation. Twenty-seven members were present from Derby and fifty members of the local lodge were on hand to see the work.

ANNUAL INSPECTION.

Circleville Chapter, No. 20, Royal Arch Masons, will hold an inspection Monday evening, April 7. A chicken supper will be served promptly at 6 o'clock. Be there, Companion H. Belt of Kenton, will be the inspecting officer. A good turnout is desired.

5decidtf.**MRS. J. M. BEAVER****Former Circleville Girl Elected Supervisor at Peoria, Illinois.**

The Peoria Journal-Transcript, under date of Sunday, March 1, printed a good picture of Mrs. J. M. Beaver, daughter of Mrs. Elizabeth Sweetman of this city. Mrs. Beaver was a candidate on the Democratic ticket for assistant supervisor and was elected as a member of the board at an election held Tuesday, April 1.

The Transcript says:
"Mrs. Beaver is fitted by experience as a teacher and business woman for excellent service as a member of the county board.

"After graduating with honors from high school, she was a teacher in the public schools for three years. She then taught at the Industrial School for Girls at Delaware, Ohio, until 1905, when she came to Peoria, where she has since resided.

"She has been interested in public institutions and has visited many of them and is thoroughly conversant with the methods of administration and expense of maintenance in such institutions.

"She is a member of St. Paul's Episcopal church and the Amateur Musical club."

PERSONALS

Mrs. C. G. Stewart spent the day in Columbus.

Mrs. F. M. Hoover and son, Allen, spent the day in Columbus.

Misses Vera Walters and Sophia Parks spent the day in Columbus.

Mrs. Julia Smallwood and daughter, Mrs. John Welch, spent the day in Columbus.

Mrs. Isaac Ludwig and daughter, Mrs. Harry Paul, spent the day in Columbus.

Miss Ruth Landenberger is visiting her mother, Mrs. R. E. Rodgers, in Columbus.

Charles Siegwald and granddaughter, Rosetta Wrightsels, attended the Shrine circus in Columbus today.

Miss Helen Morris, of Cleveland, is the weekend guest of her parents, Mr. and Mrs. T. J. Morris, of North Court street.

Mrs. E. J. Rife and son, Richard, spent the day in Ashville, the guest of her parents, Mr. and Mrs. Samuel Morrison.

Donald Mason, of Ohio university, Athens, is spending his spring vacation at home with his parents, Mr. and Mrs. W. H. Mason.

Misses Florence Milligan, Winona Lanman and Jeanette Strous of Tilton, spent the day in Columbus. The last two named will attend a dance given by the Men's Glee club at the O. S. U., this evening.

Lauds Longview Trustees.

Columbus, April 5.—Welfare Director Harper has written to the retiring board of trustees of Longview hospital saying the only bad condition that has existed at the hospital was overcrowding of patients, and this was not the fault of the administration of the institution, but due to the failure of Hamilton county to construct sufficient buildings to take care of an ever-increasing population. Upon the state's assumption of complete control of Longview on April 1, the name was changed to "Longview State hospital," and the Hamilton county trustees automatically ceased to exist officially.

Village Officials Indicted.

Toledo, April 5.—Mayor Levi H. Shover of Harbor View and Deputy Marshals Herbert Crane and Karl Neipp were indicted in the federal court here, charged with a conspiracy to violate the national liquor laws.

Inspect Girls' School.

Columbus, April 5.—John E. Harper, director of public welfare, and John Youngblood, consulting engineer, visited the girls' industrial school to make an inspection of the work being done at that institution. It is expected that work on a \$10,000 addition to the hospital will begin within a month. All machinery of the power plant has been removed to the new building on high ground and is now furnishing the heat and power of the institution. Moving of this plant, together with the laundry, was necessitated by the river improvements being made by the waterworks department of the city of Columbus.

Friendly to McAdoo.

Davenport, Ia., April 5.—Iowa delegates to the national Democratic convention at New York will go uninducted. A majority of the 30 delegates, however, are known to be friendly to William Gibbs McAdoo, candidate for the Democratic presidential nomination.

Bus Men Score Point.

Nelsonville, O., April 5.—A temporary restraining order was issued against the ordinance passed here forbidding motor buses from operating on streets used by the traction company.

CIRCLEVILLE**YA AUTHORESS****Mrs. E. A. Allen Has Had Many Stories Published in Magazines.****Has Also Attained Prominence as a Public Speaker and Has Accomplished Much as a Lecturer in Sunday School and Teacher Training Work.**

The Xenia Republican is running a series of articles concerning Greene county citizens who have attained nationwide prominence in various lines of endeavor, and a recent sketch was in reference to a gifted author, who now lives in Circleville, Mrs. E. A. Allen, of 620 South Court street.

The Republican says:
"Readers of women's magazines and Sunday school papers, are familiar with the delightful little stories of Mrs. Grace Boteler Allen, a versatile and prolific writer and a native of Jamestown, where she lived for many years.

"Mrs. Allen was born in Jamestown and received her education in the Jamestown schools, graduating from Jamestown high school. She later attended Wittenberg college, Springfield, Berea college and the University in Washington D. C.

"Mrs. Allen is a niece of Mattie M. Boteler, novelist and thus writing to her was partly hereditary. Her first story was published in The Lookout, a magazine published in Cincinnati and edited by Miss Boteler. While teaching and doing missionary work in the Kentucky mountains, Mrs. Allen received much material for stories that later brought her letters from readers all over the world.

Both as a writer and as a public speaker, Mrs. Allen has championed the cause of temperance, winning herself much acclaim in this respect. Her stories have appeared in The Christian Herald, the Woman's Home Companion, Good Housekeeping and almost every religious paper of note in the country. A tract, "How to Keep the Boys and Girls on the Farm" written by Mrs. Allen was circulated by the Ohio State Road Federation as election literature, 5,000 being sent to Road convention at Atlantic City.

"Mrs. Allen was one of the first women members of a municipal council in Ohio, serving in Jamestown a few years ago. She spoke for the late President Harding during the first women's campaign and is a former Jamestown correspondent for the Gazette and the Republican. She has accomplished much as a lecturer in Sunday School Institute work and in Teachers' Training schools.

"The Religious Telescope now has two book-length manuscripts of Mrs. Allen, which it has been requested to publish in book form for Sunday school libraries. It is a remarkable proof of Mrs. Allen's untiring energy that she has had more than 1,000 short stories published in various magazines and papers."

HERE AND THERE.

George A. Wood, star outfielder in the eighties and nineties, died at Harrisburg, Pa. He was a player on the Philadelphia, Cincinnati, Washington and other baseball teams.

William H. Dodge, Sr., of Lansing, Mich., died at the home of his son, Gardner Dodge, at Cleveland.

Frederick Gould shot and seriously wounded his landlady, Mrs. Florence Christensen, at New Brunswick, N. J., then committed suicide.

At Detroit Patrolman Alfred Schuler was shot and fatally hurt when he ran into a house in response to a woman's screams for help. The woman, Eugenia Wright, alleges Horace Pears, 30, fired the shot.

According to charges made by Federal Prohibition Agent P. G. Miller, high school girls at Louisville, Ky., are cutting classes to transport liquor in their automobiles. He says they are in the employ of wealthy bootleggers.

NEWEST HATS.

Be sure to see the Hats displayed on living models at the Nancy Brown Shoppe, April 7 and 8th from 7:30 to 9:30 p. m.

Legal Notice For Bids.

Sealed bids will be received by the Director of Public Service of the City of Circleville, Ohio, at his office until 12 o'clock noon on

Monday, April 21, 1924

for furnishing a ten ton road roller delivered at Circleville, Ohio.

Each bid must contain the full name of every person or company interested in the same and be accompanied by a bond or certified check in the sum of \$100.00 to the satisfaction of the Director as a guaranty that if the bid is accepted a contract will be entered into and its performance strictly fulfilled.

Should any bid be rejected such check or bond will be returned to the bidder, and should the bid be accepted said check must be returned upon the proper execution and securing of the contract.

The right is reserved to reject any and all bids.

LOUIS SCHNEIDER

Director of Public Service.

AMUSEMENTS

When "Columbus" the new Pathe film, is shown at the Met theater Monday, patrons of that popular playhouse will have their first opportunity to see what historical experts think is as accurate a picture of Christopher Columbus and the great event of his discovery of the new world as it is humanly possible to make. It was produced under the supervision of the Council's Committee of Yale University Press.

In "Columbus" much stress is laid on the strong character of the discoverer. His hopes and fears and struggles are brought home as they never could be in books, and it is easy to understand the sort of courage and persistence that brought him success.

The ship scenes were made in Chicago, where there is a fine replica of Columbus' ship, the Santa Maria, which carried him across the ocean. This ship was made for the World's fair of 1893 and is considered a perfect example of the sailing vessels of the fifteenth century.

The minutest care was given to every detail of costuming. H. A. Ogden, artist of authority on historical costumes, designed them. Just as carefully selected was the banner of Spain which Columbus plants on the shore. There were a number of official banners at the time, but it was decided that Columbus probably carried to the new world the "Flag of the Green Cross," bearing the cross and the letters F and I, standing for Ferdinand and Isabella. Even the manner in which Queen Isabella's gown falls in folds is historically correct.

Violin Superstitions.

There is no musical instrument about which cling so many queer notions and superstitions as the violin. One of the strangest is that held by so many people that the tone of a violin is often improved by its being broken and then mended. It seems almost incredible, but that very idea is believed by thousands of people.

PUBLIC SALE.

Of household goods at the residence of Henry Foerst, 224 Watt street, on

TUESDAY, APRIL 8,

commencing at 1 p. m., consisting of leather davenport, folding bed, china closet, buffet, tables, refrigerator, chairs, stands, couch, dresser, mirrors, carpets, dishes, cooking utensils, porch swing, coal or gas cook stove and numerous other articles.

4aprild3.

METROPOLITAN THEATRE

MONDAY and TUESDAY

APRIL 7 and 8

See Christopher Columbus pleading his case before King John of Portugal, and before Queen Isabella and King Ferdinand of Spain.

See him at last set sail for "the Edge of the World" with the Santa Maria, the Pinta and the Nina. See the fear of the superstitious sailors---the sighting of land---the actual discovery of the New World.

A drama of life and realities**INLAND FISHING.**

The citizens of Yellowbud were busy Wednesday and Thursday fishing. Since the river receded it has left a number of small pools in low places where a number of the finny tribe lingered too long and were caught napping. No fish line or hook is needed. A pitchfork is all that is necessary. Suckers, buffalo and carp are varieties caught and there are oodles of them marooned in low places.

In Grant's Cabinet.

President Grant had two secretaries of state: Elihu B. Washburn of Illinois was appointed March 5, 1869, but resigned six days later to accept the post of ambassador to France. Hamilton Fish succeeded Washburn. He was reappointed at the beginning of Grant's second term and remained to its end.

MEDICAL SOCIETY

Regular Monthly Meeting Held at Former Circleville Girl Elected Supervisor at Peoria, Illinois.

The Pickaway County Medical society held its regular monthly meeting at Williamsport Friday night. The arrangements for the meeting were in charge of Drs. Marcy and Sheets, of Williamsport, and Ginder, of Darbyville.

The society and their friends numbering nearly thirty sat down at 6:30 to the most elaborate dinner they have yet had. The Parent-Teacher association of Williamsport, prepared a dinner in the basement of the high school building which was a close second to an old-fashioned Thanksgiving layout. The grade teachers, in uniform, acted as waitresses. During the entire meal Miss Helen Betts at the piano led her quintet composed of Misses Hurst, Jennings, McGee, Stone and Churtz in one encores selection after another.

After the dinner the regular business of the evening followed. Dr. John Dudley Dunham, of Columbus, addressed the society on "Cancer of the Stomach." Those from out of the county included Drs. Holmes and Merkle, of Chillicothe; Dr. Dunham, of Columbus; Dr. R. H. Trimble, of Mt. Sterling and Dr. Jones, of Clarksburg.

I. O. O. F. INITIATION.

The second degree, known as Brotherly Love, was conferred on two candidates Friday evening by Columbia lodge. The work was put on very nicely by the Odd Fellows team of Derby. A banquet followed the initiation. Twenty-seven members were present from Derby and fifty members of the local lodge were on hand to see the work.

ANNUAL INSPECTION.

Circleville Chapter, No. 20, Royal Arch Masons, will hold an inspection Monday evening, April 7. A chicken supper will be served promptly at 6 o'clock. Be there, Companion H. Belt of Kenton, will be the inspecting officer. A good turnout is desired.

MRS. J. M. BEAVER

Former Circleville Girl Elected Supervisor at Peoria, Illinois.

The Peoria Journal-Transcript, under date of Sunday, March 1, printed a good picture of Mrs. J. M. Beaver, daughter of Mrs. Elizabeth Sweetman of this city. Mrs. Beaver was a candidate on the Democratic ticket for assistant supervisor and was elected as a member of the board at an election held Tuesday, April 1.

The Transcript says: "Mrs. Beaver is fitted by experience as a teacher and business woman for excellent service as a member of the county board."

"After graduating with honors from high school, she was a teacher in the public schools for three years. She then taught at the Industrial School for Girls at Delaware, Ohio, until 1905, when she came to Peoria, where she has since resided."

"She has been interested in public institutions and has visited many of them and is thoroughly conversant with the methods of administration and expense of maintenance in such institutions."

"She is a member of St. Paul's Episcopal church and the Amateur Musical club."

PERSONALS

Mrs. C. G. Stewart spent the day in Columbus.

Mrs. F. M. Hoover and son, Allen, spent the day in Columbus.

Misses Vera Walters and Sophia Parks spent the day in Columbus.

Mrs. Julia Smallwood and daughter, Mrs. John Welch, spent the day in Columbus.

Mrs. Isaac Ludwig and daughter, Mrs. Harry Paul, spent the day in Columbus.

Miss Ruth Landenberger is visiting her mother, Mrs. R. E. Rodgers, in Columbus.

Charles Siegwald and granddaughter, Rosetta Wrightsels, attended the Shrine circus in Columbus today.

Miss Helen Morris, of Cleveland, is the weekend guest of her parents, Mr. and Mrs. T. J. Morris, of North Court street.

Mrs. E. J. Rife and son, Richard, spent the day in Ashville, the guest of her parents, Mr. and Mrs. Samuel Morrison.

Donald Mason, of Ohio university, Athens, is spending his spring vacation at home with his parents, Mr. and Mrs. W. H. Mason.

Misses Florence Milligan, Winona Lanman and Jeanette Strous of Tilton, spent the day in Columbus. The last two named will attend a dance given by the Men's Glee club at the O. S. U., this evening.

Lauds Longview Trustees.

Columbus, April 5.—Welfare Director Harper has written to the retiring board of trustees of Longview hospital saying the only bad condition that has existed at the hospital was overcrowding of patients, and this was not the fault of the administration of the institution, but due to the failure of Hamilton county to construct sufficient buildings to take care of an ever-increasing population. Upon the state's assumption of complete control of Longview on April 1, the name was changed to "Longview State hospital," and the Hamilton county trustees automatically ceased to exist officially.

Village Officials Indicted.

Toledo, April 5.—Mayor Levi H. Shover of Harbor View and Deputy Marshals Herbert Crane and Karl Neipp were indicted in the federal court here, charged with a conspiracy to violate the national liquor laws.

Inspect Girls' School.

Columbus, April 5.—John E. Harper, director of public welfare, and John Youngblood, consulting engineer, visited the girls' industrial school to make an inspection of the work being done at that institution. It is expected that work on a \$10,000 addition to the hospital will begin within a month. All machinery of the power plant has been removed to the new building on high ground and is now furnishing the heat and power of the institution. Moving of this plant, together with the laundry, was necessitated by the river improvements being made by the waterworks department of the city of Columbus.

Friendly to McAdoo.

Davenport, Ia., April 5.—Iowa delegates to the national Democratic convention at New York will go unimpaired. A majority of the 30 delegates, however, are known to be friendly to William Gibbs McAdoo, candidate for the Democratic presidential nomination.

Bus Men Score Point.

Nelsonville, O., April 5.—A temporary restraining order was issued against the ordinance passed here forbidding motor buses from operating on streets used by the traction company.

CIRCLEVILLE

YAAUTHORESS

Mrs. E. A. Allen Has Had Many Stories Published in Magazines.

Has Also Attained Prominence as a Public Speaker and Has Accomplished Much as a Lecturer in Sunday School and Teacher Training Work.

The Xenia Republican is running a series of articles concerning Greene county citizens who have attained nationwide prominence in various lines of endeavor, and a recent sketch was in reference to a gifted author, who now lives in Circleville, Mrs. E. A. Allen, of 620 South Court street.

The Republican says: "Readers of women's magazines and Sunday school papers, are familiar with the delightful little stories of Mrs. Grace Boteler Allen, a versatile and prolific writer and a native of Jamestown, where she lived for many years."

"Mrs. Allen was born in Jamestown and received her education in the Jamestown schools, graduating from Jamestown high school. She later attended Wittenberg college, Springfield, Berea college and the University in Washington D. C."

"Mrs. Allen is a niece of Mattie M. Boteler, novelist and thus writing to her was partly hereditary. Her first story was published in The Lookout, a magazine published in Cincinnati and edited by Miss Boteler. While teaching and doing missionary work in the Kentucky mountains, Mrs. Allen received much material for stories that later brought her letters from readers all over the world."

Both as a writer and as a public speaker, Mrs. Allen has championed the cause of temperance, winning herself much acclaim in this respect. Her stories have appeared in The Christian Herald, the Woman's Home Companion, Good Housekeeping and almost every religious paper of note in the country. A tract, "How to Keep the Boys and Girls on the Farm" written by Mrs. Allen was circulated by the Ohio State Road Federation as election literature, 5,000 being sent to Road convention at Atlantic City.

"Mrs. Allen was one of the first women members of a municipal council in Ohio, serving in Jamestown a few years ago. She spoke for the late President Harding during the first women's campaign and is a former Jamestown correspondent for the Gazette and the Republican. She has accomplished much as a lecturer in Sunday School Institute work and in Teachers' Training schools."

"The Religious Telescope now has two book-length manuscripts of Mrs. Allen, which it has been requested to publish in book form for Sunday school libraries. It is a remarkable proof of Mrs. Allen's untiring energy that she has had more than 1,000 short stories published in various magazines and papers."

HERE AND THERE.

George A. Wood, star outfielder in the eighties and nineties, died at Harrisburg, Pa. He was a player on the Philadelphia, Cincinnati, Washington and other baseball teams.

William H. Dodge, Sr., of Lansing, Mich., died at the home of his son, Gardner Dodge, at Cleveland.

Natives Have Wonderful System of Storing Water

There are many ways of storing water, but the natural cistern of the natives of Darfur (west of the Soudan) seems to be the most wonderful.

But for the tumbled tree, Darfurites would perish from drought. These great trees grow in hollows, in which the rain collects during the wet season, which lasts all through July and August.

The enormous trunks are hollow. As soon as the rain begins the natives gather up the water in leather bags. An expert climber goes up the tree with a rope to which is attached the precious bag; he hauls it up with care, and empties the water into the hollow trunk. The hollowness is not the result of age or disease, and the surrounding wood is absolutely watertight.

Each little group of "tukis" (huts) possesses its own trees. And on their contents the people live throughout the ten dry months.

The tumbled tree is a fruitful source of trouble. Many tribal fights are waged solely because a man from one village is believed to have been seen climbing the trees of another. The trees belonging to a village, or group of "tukis," are not public property for the dwellers in that group. The sheik and his family have the first claim on the water, and their share is claimed to a decimal point. Another man may have a family claim, going back through several generations, to a certain proportion.

Nordic Race Is Rapidly Disappearing in Europe

A shifting of peoples has been going on in Europe for generations, and since medieval times the lower classes and races have expanded at the expense of the upper classes, so that many countries which formerly had large Nordic populations, such as Spain and Italy and the provinces of the old Austrian empire, are almost stripped of their Nordic blood. France, which all through medieval times down to within a century ago was very Nordic, has reached a point where the Nordic population has shrunk to a hopeless minority in the nation. Germany is feeling the replacement of Nordic by Alpine blood very severely, and many of her foremost thinkers regard her as almost lost to the Nordic race. The great French anthropologist, De Lapouge, stated in conversation with the writer that Germany of today is not nearly so Nordic as France was at the time of the religious wars. The case of England, still overwhelmingly Nordic, is also a serious one, because the industrial revolution there (as well as in other European countries) has led to a great expansion of the non-Nordic elements—chiefly Mediterranean.—Madison Grant, in the North American Review.

Living in the Dark

Pit ponies are not the only creatures that live in coal mines, seldom seeing the light of day. Miners are often troubled with rats, mice, flies, and even frogs and toads.

The presence of rats spells danger. They have been known to gnaw cables, causing electric wires to fuse and vapor to be exploded in gassy pits. Their food consists of scraps from the miners' meals, and they have a strange liking for oil, which they lick from the lubricated parts of machinery in the mine. Whatever their diet, however, the mice never grow very big, because the entire absence of light has a dwarfing effect.

Flies seem to thrive underground, and are a great nuisance to the miners, especially at mealtimes. Other minute forms of insect life which inhabit the mines explain why frogs and toads are frequently found there, looking fit and well-fed.

Needed Rest

"I was in love with a handsome looking fellow," wrote one of the lovers to Miss Lydia Anguish. "He came to see me one night. I let him kiss me about fifty times. I haven't seen him for two weeks. I now feel that I acted indifferently."

"Don't worry, dear," was the response of the comforter. "He has probably gone somewhere to recuperate."

Satisfactory

"So you want to marry my daughter? What is your financial standing?"

"Well, sir, I've figured out every exemption possible; I've had the best legal advice that money could secure; I've done everything I could do to dodge it—and I still find that I cannot escape paying an income tax."

"Take her. She's yours."—Boston Transcript.

He Thought So Too

A man who was new to golf turned to his caddy and said: "I say, why couldn't that fellow get his ball into the hole?"

"He was stymied, sir," was the reply.

"He was what?"

"He was stymied, sir."

"Oh, was he?" replied the other; "I thought he looked rather 'unny at lunch."

At a Busy Crossing

Traffic Cop (to jay walker)—Hey, you were born in the country, weren't you?

Cy—Yep, I was.

Traffic Cop—Well, if you don't watch out, you'll die in the city.

CIRCUS DAYS

Here Says New York Times While State Journal Weeps Over "Perfect Ham."

There is a nameless exhilaration, as of some lawless grape juice, in the air, and:

The bright months bring, New-born, the bridegroom and the bride,

Circus and spring.

Circus is more careful in keeping its engagements than spring. This year they come together, and imagination swells the veins of both. If "Tody" Hamilton has gone, his school of poetry survives. When we hear of Lion 72, actually one of the most dependable of his race, who plays pinochle when he isn't asleep thrilling Harlem, ramping, roaring, lashing his tail; as a rat, at least as "large as a rabbit," runs across the street, we smell the sawdust and the flowers of fancy, peer into the tent. Ah, Mile. Lelala superb on your golden chariot! Ah, Neoske-teeta, untutored, maid of the forest with your lace petticoat and diamond rings! But we miss "Tody." He would have brought in a unicorn as the surely good moral influence on bad lions.

Everywhere is a circus, everywhere spring and poesy. Shall we ever see that famed joint capital of Litchfield county, Winsted, situated as only a town of exuberant genius could be on the Mad and the Still, the Abana and Pharpar of Connecticut? Circus and spring could have no sweeter sight than the confluence of the Still and the Mad. There the woodchucks, running away from their record of February 2, are sitting high in the trees whistling. "I Know a Tree Whereon the Groundhog Grows." In vain do the faunal naturalists of Charlott, North Carolina boast their ferocious rabbits, arboreal in their habits who leap from boughs 60 feet above the ground and eat the whimpering bloodhound.

Winsted has felt the balmy breath of spring, filled its nostrils with the most intoxicating sawdust. There murmur of the bees deafens the murmur of the Fords. The wild geese are honking and hanging high. On the skirts of the blizzard dandelions bloom. Everybody is tuned to the spring and the show and of imagination all compact. Meanwhile, the editor of the Ohio State Journal weeps happily over "the perfect ham." What says the poet?

I heard the woodpecker pecking,
The bluebird tenderly sing;
I arose and turned out of the window,
A patent, back-action hand-spring.—New York Times.

AT THE COURT HOUSE

Suit For Services.

Charles Wilkey has brought suit against George W. Miller, executor of the estate of Louisa J. Pickering for services. He claims \$72. The case came into court from Justice H. B. Darst's court.

Verdict For Defendant.

In the damage suit of James C. Rice against Mark M. Gilton, which was tried in common pleas court, in which the plaintiff sought to obtain \$500, damages for wrecking of his automobile and for personal damages at Scippo creek where the defendant was constructing a bridge at which plaintiff claims the defendant failed to have out signals at night. The jury of which F. A. Beatty was foreman, brought in a verdict for defendant. Abernethy & Simkins represented the plaintiff and I. F. Snyder the defendant.

Secures Judgment.

The First National bank, of Mt. Sterling, has secured judgments by confession in common pleas court against Emery Reay on two promissory notes, one for \$138.50 and \$105.96 both at 7 per cent from April 3, 1924. Fred P. Griner, of this city, represents the plaintiff.

MAJORS TEMPLE INSPECTION.

Majors Temple, Pythian Sisters was inspected Thursday evening by District Deputy Grand Chief Ida Gillespie of Washington C. H. A banquet preceded the inspection at which about one hundred and fifty members were present. Visitors were there from Williamsport, Ashville, Stoutsville and Amanda. The inspection was most thorough and the officers were highly commended.

Why Eye Shades Are Used.

The purpose of the eye shade is to shield the eye from harmful brilliancies in the field of view. In lighting from poorly concealed sources these brilliancies are, in many cases, 600,000 to 800,000 times as great as the brightness of the printed page. Their images, falling on the dark-adapted and highly sensitized peripheral retina, cause great discomfort and interfere profoundly with the muscular adjustment of the eye needed for clear seeing.

SOLDIER BOYS OF PICKAWAY

Major Responsibilities of the Red Cross Chapter of This County.

Records of U. S. Veterans Show Appalling Figures in Mortality and Disabilities Resulting From World War—Grave Markers Furnished.

The April meeting of the executive committee of Pickaway county chapter American Red Cross, held at its office room 17, Masonic Temple, was of unusual interest and indicated that the chapter remains alive to its responsibilities to ex-service men.

War service is the major responsibility and the pressing need of Home Service was aptly illustrated in the report of the Home Service secretary. Since the first of the year 124 cases have come under observation and the service to the men cannot be reckoned in dollars and cents.

Compensation, hospitalization, vocational training and home treatment have been secured without any expense to the individual. It is perhaps not untimely to speak of the youthfulness of the work. The chapter has been organized less than a year and of the cases adjusted back compensations amount to over \$5000 and monthly awards to over \$700. These figures only include the activities of the chapter and not awards made previously to the Red Cross taking up the work. The money coming into the county answers a dual purpose. It is a direct benefit to the men and spent in the community in which they live.

During the past three months 300 interviews with ex-service men or their families were recorded and 181 letters written in their behalf.

Bringing recreant fathers to a realization of their responsibilities toward their children and establishing the identity of an ex-service man and one nurse, entitled to compensation granted by the state of Ohio, was part of the work of Pickaway county chapter.

The Junior Red Cross, which has for its purpose the uplift of the youth, is under the able chairmanship of Rev. George Weir. It has been taken up in several schools of the county and the result is tangible. Easter programs are being prepared and little amenities, which bring sunshine into the lives of others are daily practiced.

The government will now furnish markers for graves of ex-service men. This work will be under the direct supervision of the American Legion, but applications for markers can be made to either J. M. Lynch, adjutant of Howard Hall post or to the Home Service secretary of Pickaway county chapter.

In a recent ruling of the Veterans Bureau \$100 will be allowed toward defraying burial expenses of a needy ex-service man. A flag will also be furnished. This \$100 will not be allowed, however, if a like amount is obtained from any other fund.

The report of T. D. Krinn, chairman of the seventh annual roll call, shows a membership of 984. In addition the chapter received generous donations, evidence of the fact that Pickaway county remains loyal to those who did their full duty—an example we can emulate by doing our full duty toward them.

Records of the United States Veterans Bureau show that approximately 174,000 compensation claims have been filed with the Veterans Bureau because of the death of World war veterans, either during or since the war.

In Ohio figures of the mortality and disabilities, resulting from the war are appalling. On December 31, 1923, in 2,427 cases death compensations were paid beneficiaries who reside in this state.

Ohio's quota in the World war was 250,000 and there are now 11,086 who live in the state, being paid compensations due to injury or disease resulting from their service.

Care of Palms.

Palms are hardy things which may be grown in rooms for years with good results. Keep them near the window so that they may get plenty of light. The best soil for them consists of three parts of fibrous loam, one part each of leaf mold and decayed loam, and a tenth of coarse sand. The ordinary watering rules don't apply to them; they should only be watered when the pot rings hollow under the hand, and at no other time. During mild showers, stand them out in the rain for an hour or two, as this cleans and freshens them and opens the pores of the leaves.

Don't Be a Quitter.

It's the way a man sties to a thing that marks him as a success or failure. Many a fellow has won out at the eleventh hour just because he wouldn't let go. Don't be a quitter.—Farrington.

PNEUMONIA

Caused Death of James A. Brink—Funeral Services Monday.

James Alson Brink died at his home on York street Friday afternoon at 1:30 o'clock following a four weeks' illness of pneumonia.

The deceased was born in this city September 26, 1875 and was the son of Albert and Samantha Goss Brink. He married Miss Margaret S. Martin, in this city, June 27, 1901. His wife and six daughters survive. They are Mrs. Fred Barthemas, Mrs. William Weaver, Mildred, Marvene, Margie and Muriel Brink. Of his immediate family there are living two brothers, George and William Brink, of this city.

Mr. Brink was a grocer and he was a member of the Red Men lodge of this city.

The funeral services will be held at his late home Monday morning at 10 o'clock. Rev. G. J. Troutman will officiate. Interment in Forest cemetery.

AN ENCOUNTER WITH INDIANS.

In a letter written to the American Pioneer from "Indian Creek Farm, near Chillicothe" June 4, 1842, Felix Dunlap, who was, no doubt, progenitor of the Dunlaps still living in that vicinity, tells an interesting story of adventure with the Indians on the part of Jesse Hughs and a neighbor, name not given, who lived near Clarksburg Virginia, and who about 1785 made a hunting and business trip to the Ohio river.

Hughs was a skilled Indian fighter and his advice was followed when they took a route rarely used by either Indians or whites, for the reason that Indians had been making forays across the Ohio and murdering and robbing at frequent intervals. But they had been out only a few days when soon after they had made themselves comfortable for a night by their campfire their dog began to show restlessness and both men began to suspect the presence of Indians tho neither had heard since they had left home the crack of any rifles but their own.

The two hunters decided for safety to withdraw a little distance from the campfire and lie down to await developments, but the continued restlessness of the dog indicated that it would be unwise for either to try to sleep. Shortly before day began to break the dog barked angrily, both men leaped to their feet and instantly a shower of bullets fell upon them. One bullet passed thru Hughs' hunting shirt and another thru his companion's body, killing him instantly.

Hughs, who was very fleet, started off thru the woods at full speed, but was impeded by his leggings, which he had unbuttoned from his belt, sliding down. With two tugs at full strength he tore them off, and then letting himself out at top speed again soon had his pursuers so far distanced that they abandoned the chase and returned to plunder the camp and scalp their victim, while Hughs made his way to his home, arriving without further interruption by the Indians.—Columbus Dispatch.

Strindberg's Genius

Genius, in the case of Strindberg, is the capacity for dramatizing infinite pains. There is no major ache, whether of psyche or toe, that does not claim its moment of his enthusiasm. Life, to him, is the panorama of a great and encompassing colic. His tragedy does not so much purge the emotions and leave in its wake the beauty that is ever the residuum of profound sorrow, as constipate hope, and resolution, and human faith. Where Ibsen is the mocking dramatist of tragedy, Strindberg is the tragedian of mocking drama. He looks on the world as a child looks at the skeleton of some prehistoric monster, simultaneously beset by awe and disbelief and seeking relief from its bewilderment in a nervous and unconvincing laughter.—George Jean Nathan in the American Mercury.

Greeks Originated Ostracism.

Ostracism was a ceremony and a political move, as well as a banishment in its original workings. The word comes from the Greek "ostron," meaning the shell of an oyster. The shells were used as ballots. Ostracism was rather a compliment, as it took 6,000 votes to remove a man by ostracism, and anyone being important enough to arouse the desire of that many to having him expelled for a period of 10 years must have been of more than usual importance.

BORN

To Mr. and Mrs. Edward Hutson, 222 South Scioto street, Friday, April 4, 1924, a son.

To Mr. and Mrs. Ellsworth Brown, Pearl avenue, Friday, April 4, 1924, a son.

To Mr. and Mrs. James Stant, of Jackson township, Friday, April 4, 1924, a daughter.

TO STUDY VIOLIN.

Miss Elizabeth Groce has gone to Cincinnati to enter the Conservatory of Music, where she will study violin under the able instruction of Robert Perutz, a concert artist of wide reputation in his native land, Poland, and other European countries.

Vagrant Philosophy.

"What a lot of uninteresting people we can see on the streets," remarked the Occasional Philosopher. "And, to be fair, I suppose I am one of them."

NEWEST HATS.

Be sure to see the Hats displayed on living models at the Nancy Brown Shoppe, April 7 and 8th from 7:30 to 9:30 p. m.

Origin of Fireworks.

It may be assumed that we really owe fireworks to the Florentines and Sieneese. They began their feasts of St. John the Baptist and the Assumption with wooden edifices, adorned with painted statues, and from the mouth and eyes of which issued a beautiful fire. Dragons, swans, eagles, etc., built on such a large scale as to carry many persons, were also made to emit amusing fireworks.

Why beat a year's wear out of your rugs; send them to Barnhill's have them thoroughly cleaned and colors returned bright and new. Call

BARNHILL'S.

Natives Have Wonderful System of Storing Water

There are many ways of storing water, but the natural cistern of the natives of Darfur (west of the Soudan) seems to be the most wonderful.

But for the tumbled tree, Darfurites would perish from drought. These great trees grow in hollows, in which the rain collects during the wet season, which lasts all through July and August.

The enormous trunks are hollow. As soon as the rain begins the natives gather up the water in leather bags. An expert climber goes up the tree with a rope to which is attached the precious bag; he hauls it up with care, and empties the water into the hollow trunk. The hollowness is not the result of age or disease, and the surrounding wood is absolutely watertight.

Each little group of "tukis" (huts) possesses its own trees. And on their contents the people live throughout the ten dry months.

The tumbled tree is a fruitful source of trouble. Many tribal fights are waged solely because a man from one village is believed to have been seen climbing the trees of another. The trees belonging to a village, or group of "tukis," are not public property for the dwellers in that group. The sheik and his family have the first claim on the water, and their share is claimed to a decimal point. Another man may have a family claim, going back through several generations, to a certain proportion.

Nordic Race Is Rapidly Disappearing in Europe

A shifting of peoples has been going on in Europe for generations, and since medieval times the lower classes and races have expanded at the expense of the upper classes, so that many countries which formerly had large Nordic populations, such as Spain and Italy and the provinces of the old Austrian empire, are almost stripped of their Nordic blood. France, which all through medieval times down to within a century ago was very Nordic, has reached a point where the Nordic population has shrunk to a hopeless minority in the nation. Germany is feeling the replacement of Nordic by Alpine blood very severely, and many of her foremost thinkers regard her as almost lost to the Nordic race. The great French anthropologist, De Lapouge, stated in conversation with the writer that Germany of today is not nearly so Nordic as France was at the time of the religious wars. The case of England, still overwhelmingly Nordic, is also a serious one, because the industrial revolution there (as well as in other European countries) has led to a great expansion of the non-Nordic elements—chiefly Mediterranean.—Madison Grant, in the North American Review.

Living in the Dark

Pit ponies are not the only creatures that live in coal mines, seldom seeing the light of day. Miners are often troubled with rats, mice, flies, and even frogs and toads.

The presence of mice spells danger. They have been known to gnaw cables, causing electric wires to fuse and vapor to be exploded in gassy pits. Their food consists of scraps from the miners' meals, and they have a strange liking for oil, which they lick from the lubricated parts of machinery in the mine. Whatever their diet, however, the mice never grow very big, because the entire absence of light has a dwarfing effect.

Flies seem to thrive underground, and are a great nuisance to the miners, especially at meal-times. Other minute forms of insect life which inhabit the mines explain why frogs and toads are frequently found there, looking fit and well-fed.

Needed Rest

"I was in love with a handsome looking fellow," wrote one of the lovers to Miss Lydia Anguish. "He came to see me one night. I let him kiss me about fifty times. I haven't seen him for two weeks. I now feel that I acted indifferent."

"Don't worry, dear," was the response of the comforter. "He has probably gone somewhere to recuperate."

Satisfactory

"So you want to marry my daughter? What is your financial standing?" "Well, sir, I've figured out every exemption possible; I've had the best legal advice that money would secure; I've done everything I could do to dodge it—and I still find that I cannot escape paying an income tax."

"Take her. She's yours."—Boston Transcript.

He Thought So Too

A man who was new to golf turned to his caddy and said: "I say, why couldn't that fellow get his ball into the hole?"

"He was stymied, sir," was the reply.

"He was what?"

"He was stymied, sir."

"Oh, was he?" replied the other; "I thought he looked rather 'unny at lunch."

At a Busy Crossing

Traffic Cop (to jay walker)—Hey, you were born in the country, weren't you?

Cy—Yep, I was.

Traffic Cop—Well, if you don't watch out, you'll die in the city.

CIRCUS DAYS

Here Says New York Times While State Journal Weeps Over "Perfect Ham."

There is a nameless exhilaration, as of some lawless grape juice, in the air, and:

The bright months bring, New-born, the bridegroom and the bride,

Circus and spring.

Circus is more careful in keeping its engagements than spring. This year they come together, and imagination swells the veins of both. If "Today" Hamilton has gone, his school of poetry survives. When we hear of Lion 72, actually one of the most dependable of his race, who plays pinochle when he isn't asleep thrilling Harlem, ramping, roaring, lashing his tail; as a rat, at least as "large as a rabbit," runs across the street, we smell the sawdust and the flowers of fancy, peer into the tent. Ah, Mlle. Lelala superb on your golden chariot! Ah, Neoske-teeta, untutored, maid of the forest with your lace petticoat and diamond rings! But we miss "Today." He would have brought in a unicorn as the surely good moral influence on bad lions.

Everywhere is a circus, everywhere spring and poetry. Shall we ever see that famed joint capital of Litchfield county, Winsted, situated as only a town of exuberant genius could be on the Mad and the Still, the Abana and Pharpar of Connecticut? Circus and spring could have no sweeter sight than the confluence of the Still and the Mad. There the woodchucks, running away from their record of February 2, are sitting high in the trees whistling, "I Know a Tree Whereon the Groundhog Grows." In vain do the faunal naturalists of Charlotte, North Carolina boast their ferocious rabbits, arboreal in their habits who leap from boughs 60 feet above the ground and eat the whimpering bloodhound.

Winsted has felt the balmy breath of spring, filled its nostrils with the most intoxicating sawdust. There murmur of the bees deafens the murmur of the Fords. The wild geese are honking and hanging high. On the skirts of the blizzard dandelions bloom. Everybody is tuned to the spring and the show and of imagination all compact. Meanwhile, the editor of the Ohio State Journal weeps happily over "the perfect ham." What says the poet?

I heard the woodpecker pecking,
The bluebird tenderly sing;
I arose and turned, out of the window,
A patent, back-action hand-spring.—New York Times.

Origin of Fireworks.

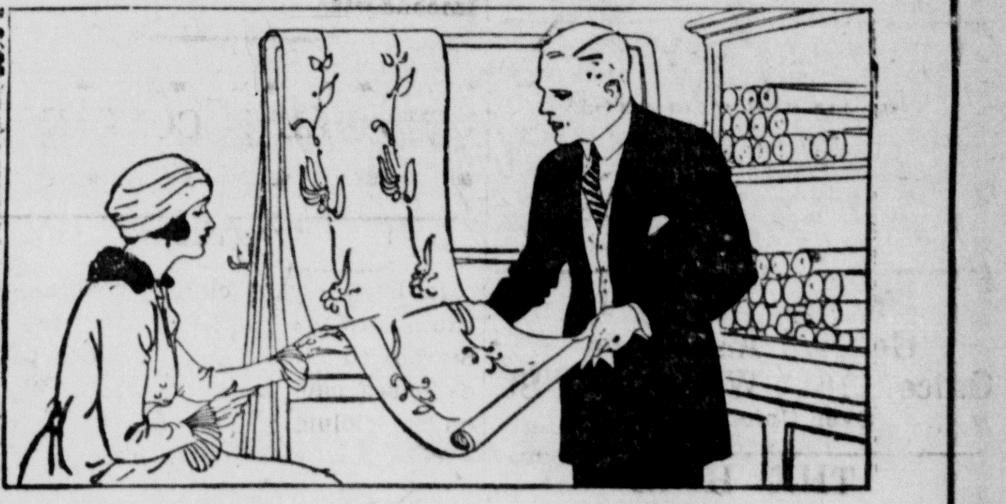

It may be assumed that we really owe fireworks to the Florentines and Sienese. They began their feasts of St. John the Baptist and the Assumption with wooden edifices, adorned with painted statues, and from the mouth and eyes of which issued a beautiful fire. Dragons, swans, eagles, etc., built on such a large scale as to carry many persons, were also made to emit amusing fireworks.

Why beat a year's wear out of your rugs; send them to Barnhill's have them thoroughly cleaned and colors returned bright and new. Call BARNHILL'S.

Artificial Eyes.

Today there are probably more artificial eyes in the world than there have ever been before, yet so excellent is the workmanship used in their manufacture that they can very seldom be detected. The artificial eye, however, will not serve the wearer forever. There are certain orbital fluids which destroy the enamel, thus involving considerable expense for renewal. In view of this, celluloid is often used instead of glass, and lasts longer. The minutest details are carefully reproduced even in the veins on the eyeball and the broken color of a hazel iris.

Love and Ambition.

We pass from love to ambition, but we seldom return from ambition to love.—La Rochefoucauld.

DENTAL X-RAY.

Foolish Fancy.

From a novel: "Fanny was intensely sympathetic; even the lonesomeness of the goldfish in the parlor saddened her." Sheer waste of sympathy, this. Would the little beggars be continually wagging their tails if they were unhappy? Certainly not. Far from pitying them, we envy them; they can take a trip around the globe whenever they feel like it.—Boston Transcript.

Lightning Is Fast.

A flash of lightning lights up the ground for one-millionth of a second, yet it seems to last much longer. What happens is that the impression remains in the eye of the retina for about one-eighth of a second, or 124,000 times longer than the flash lasts.

The Man They Remember.
Women prefer a good man, one who is resolute, noble and self-sacrificing. But they are likely to grow tired of him. On the other hand, their interest in a "bad man" never lags.—Philadelphia Ledger.

LEGAL NOTICE
Arthur J. Brown, Mary Brown, Harry Brown and Grace Brown residing at No. 9711 Yellowstone avenue, in Detroit, Michigan, and William J. Brown and Beatrice Brown living at No. 2212 Oakman Boulevard, Detroit, Michigan, are hereby notified that on the 24th day of March, 1924, Marguerite E. Beaver filed her petition in the Court of Common Pleas against the above named parties Pickaway County, Ohio, in case No. 1967, praying for the partition of the real estate situated in the County of Pickaway, State of Ohio, and bounded and described as follows:
FIRST PARCEL.
Fifth Ward, Being lot No. 27, in square 10, of Andrew Huston's Second Addition to the City of Circleville, the same being lot No. 748, according to the revised numbering of the lots in said city.
SECOND PARCEL.
Second Tract—Third Ward, Being a part of Fractional Section No. 5, Township No. 4, and Range 22 W. S., and part of Section No. 19, Township No. 11 and Range 21 W. S. Beginning at a post in the northwest corner of a lot sold to Samuel Marfield from which a mulberry tree 15 inches in diameter bears S. 16 degrees E. 25 links distant, thence with the west line of Prairie street S. 20 degrees 24 poles to the Section line; thence with the Section line N. 83 1/2 degrees W. 140 poles to a stone planted in the root of a Sycamore 84 inches in diameter lower corner on the Scioto River to Fractional Section No. 5 from which another large Sycamore bears N. 5 degrees E. 45 links distant; thence up the river with the meanders thereof N. 23 degrees E. 11 poles N. 56 1/2 degrees E. 12 poles N. 72 degrees E. 17 poles N. 80 1/2 degrees E. 40 poles N. 86 degrees E. 32 poles N. 64 1/2 degrees E. 30 poles to a box elder and a large black Walnut, lower corner on the river to lot sold to Samuel Marfield, thence with a line of the same S. 39 degrees E. 29 poles and 16 links to the beginning, containing 26 acres of land.
**Third Tract—Third Ward, Being a part of Section No. 19, Township No. 11, Range 21 W. S. Beginning at a post in the northwest corner of Andrew Huston's Second Addition to the City of Circleville and in a line of Samuel Marfield, thence with said line N. 70 degrees W. 4 1/2 poles to a post on corner to said Marfield, also corner to Pedrick; thence with said Pedrick's line S. 20 degrees W. 24 poles to a post another of his corners in the south line of said Section; thence with said line N. 89 degrees E. 4 poles and 11 links to a black Oak in the west line of Prairie street thence N. 20 degrees E. 22 1/2 poles to the beginning, containing 1 1/2 acres of land.
**Fourth Tract—Third Ward, Beginning at a Sewer pipe in the north of Section No. 30, Township No. 11, Range 21, Worthington's Survey, and in the west line of Prairie Street; thence with said Section line N. 86 degrees W. 28.52 poles to a stake; thence S. 24 degrees W. 2.32 poles to a post, thence S. 85 degrees 30 minutes E. 28.50 poles to a post in the west line of said Prairie Street; thence with said line N. 24 degrees E. 2.48 poles to the place of beginning, containing four-tenths (4) of an acre of land, more or less, being a part of the Northwest Quarter of said Section No. 30, Township No. 11, Range 21, Worthington's Survey, and being a part of tract of land purchased by said Patrick Kirwin from Edward Smith by deed dated April 1895.
Excepting from the last three described tracts 22 acres and 144 poles conveyed by said Jacob Brown and wife to The Portage Strawboard Company, by deed dated June 16, 1887, and Recorded in Volume 57, pages 130 and 131 of the Deed Records of Pickaway County, Ohio.
Also Excepting: therefrom 2 19-100 acres conveyed by said Jacob Brown and wife to The American Strawboard Company by deed dated May 11, 1901, and Recorded in Volume 74, pages 182 and 183 of the Deed Records of Pickaway County, Ohio.
THIRD PARCEL.
Undivided one-half interest, Fifth Ward, being lot No. 28, in square 10, of Andrew Huston's Second Addition to the City of Circleville, the same being lot No. 747, according to the revised numbering of the lots in said City of Circleville, Ohio.
The said Arthur J. Brown, William J. Brown and Harry Brown, above named are heirs of Kate F. Brown, deceased and Jacob Brown, deceased, and are each entitled to an undivided one-eighth interest in said real estate and Marguerite E. Beaver desires to have her interest set off to her in severalty, or if that cannot be done without manifest injury that such proceedings be had as are authorized by law.
Said parties are required to answer on or before the 24th day of May, 1924.
MARGUERITE E. BEAVER
by M. J. Walsh, Her Attorney.
27mchwt.****

Administrator's Sale Of Real Estate.
In pursuance of an order of sale of the Probate Court of Pickaway County, Ohio, I will offer for sale at public auction on
MONDAY, APRIL 7, 1924,
at 2 o'clock P. M., at the door of the Court House in the City of Circleville, Ohio, the following described real estate, situated in the County of Pickaway and State of Ohio and in the City of Circleville, to wit:
Beginning at the northwest corner to tract No. 2, on plat made by W. C. Row in the south line of Mount Street; thence with the south line, of Mount Street N. 69 degrees W. 40 feet to a stake, northeast corner to Tract No. one sold to George T. Row; thence S. 21 degrees 45 minutes W. 170 feet to a stake 30 feet from the center of the C. & M. V. Railroad; thence parallel to the center of said Railroad S. 86 degrees 45 minutes E. 42 1/2 feet to the southwest corner of said Tract No. 2; thence N. 21 degrees 45 minutes E. 17 1/2 feet to the beginning, containing 24 poles of land, more or less, and being part of the S. W. 1/4 of Section 2, Township 11, Range 21, W. S. and being the same premises conveyed to Elliott Nichols and Mary Nichols by deed from George T. Row and wife, dated March 19, 1906, and recorded in the Deed Records of said County, Book 81, page 523. Said property is located at No. 661 East Mount Street, being east of Mingo Street.
Appraised at \$900.
TERMS OF SALE:—One-half cash in hand on day of sale, and the remaining one-half in one year to be secured by mortgage on the premises sold and to bear interest from day of sale.
CHARLES H. MAY
Administrator of the Estate of Elliott Nichols, Deceased.
6mchw4.

Incas Use Coca Leaves When on Long Jaunts
When the Spaniards first came to the highlands of South Africa they found many strange things being done by the couple of million inhabitants who lived all the way from what is now Ecuador to the northern part of Chile. These people smelted copper, wove cloth, built houses of heavy masonry, embalmed dead bodies and used gold for household cooking, eating and drinking vessels. This last was their undoing, for while they put a value on gold only as something to use like any other metal, the Spaniards prized it as we do and went crazy over it.
These people had a large sheep they used for packing, but it was too small for a riding animal and not very swift so all the swift errands were performed by runners. It is said that the Inca king each day ate fresh fish caught from the sea and hurried to him by relays of fast runners. Incredible records were made by these men, who had been trained from infancy almost to run.
The high altitude develops huge lung power after generations have been bred in it, but for you and me it makes for short-windedness. But the people who are born and brought up in the rarefied air are short and stocky and with very large lungs. They lived in a country ranging from 10,000 to 14,000 feet high with mountains running up at intervals to over 22,000 feet.
All were—and are yet—inveterate users of coca. This is leaves from the tree of the plant from which cocaine is extracted. For long feats of endurance they took a small package of these leaves and constantly kept a wad of them in their mouths wrapped around a small bit of unslaked lime to free the cocaine and other alkaloids contained in the coca leaves.
One American doctor who investigated the subject and wrote a large book on it and a famous American writer (Doctor Monzans) claim that cocaine used in this fashion appears to free great reserves of strength and is not attended with the pernicious results following use of the drug cocaine, which has not the balancing chemicals found in the entire leaf. Be that as it may, the Indian runners and packers used and still use this leaf when on their long jaunts.—Adventure Magazine.

Hebrew Language
Owing to the efforts of Ben Yehudah, an enthusiast for Jewish nationalism, the ancient Hebrew is being revived. This language was not spoken even so late as the time of Christ. In those days the inhabitants of Judea spoke Aramaic. For more than forty years Ben Yehudah worked. Besides all his propaganda in the schools, in the press and on the platform he set to work on a tremendous lexicon or thesaurus in ten volumes, almost as great a work as the great Oxford dictionary, on which a corps of English scholars have been at work for a generation. He died with that work uncompleted, but so far advanced that his disciples can readily finish it. Most of the Jews in the Holy Land now speak Hebrew and are proud to call it their "mother tongue." The British government, which holds a mandate over Palestine under the treaty of Versailles, recognizes Hebrew as an official language and publishes a Hebrew copy of all legal governmental papers.

X-Rays Made by Glowworms
That properties peculiar to X-rays may be contained in the light emitted by glowworms is the opinion of some scientists, expressed in recent interviews. A Japanese has experimented with three hundred of the worms, and their rays, filtered through cardboard and copper plates, were said to have shown elements closely resembling those given off by various radioactive minerals.—Popular Mechanics.

Bankrupts' Sale Of Real Estate.
The undersigned Trustee in bankruptcy of Stephen E. Layton, Bankrupt, and of Susie Layton, Bankrupt, respectively, in proceedings in bankruptcy in causes Numbers 4598 and 4606, respectively, in the District Court of the United States for the Southern District of Ohio, in pursuance of decrees and orders of sale of said District Court of the United States, aforesaid, made in said causes aforesaid respectively, for the sale of the undivided one-half interest or share of each of said Bankrupts respectively in the real estate hereinafter described, will offer for sale, at public auction, on the premises at two o'clock Central Standard time on
FRIDAY, APRIL 18, 1924,
the whole of the following REAL ESTATE, situated about one mile west of Jacktown on the Pickaway Turnpike in Scioto Township in Pickaway County, Ohio, bounded and described as follows, to wit:
Known as lot No. 4, in Tract No. 2, as numbered and marked in the map and described in the Field Notes by Aaron Merchant in May, 1869, all of which are duly recorded in the proper office in said Pickaway County, to which reference is hereby made for special description which said lot is a part of the tract known as Buckley land, in said Township, formerly Darby Township, containing 58.87 acres of land according to said survey, but subject to all legal highways and being the same premises which were conveyed to said Stephen E. Layton and to his wife, Susie Layton, in common in equal amounts by Ada E. Tobin a others by deed dated October 15, 1921, and recorded in Deed Book No. 101 at which are duly recorded the records of deeds in the Recorder's office of Pickaway County, Ohio.
The undivided one-half of each said Bankrupts was appraised at \$2384.00 making the whole appraised at \$4768.00.
Said real estate will be sold for cash at not less than three-fourths of its appraised value, free from all liens and contingent or otherwise.
J. H. MCKINLEY
Trustee in Bankruptcy of said Stephen E. Layton and of said Susie Layton, Bankrupts.
Charles Gerhardt, Attorney.

Hog Production Travels Circle
Amount of Breeding Determined by Profits Made the Preceding Year.
(Prepared by the United States Department of Agriculture.)
Hog raising in the United States is dominated by an innate tendency to fall into a vicious circle of successive over and under production, normally running two years from one extreme to the other. This is brought about largely by the fact that the amount of breeding at a given time is mainly determined by the profits made from hogs during the preceding year, which depend on the ratio between the price of corn and the price of hogs. If these ups and downs are to be eliminated, hog breeding must be based on a sounder view of probable future conditions than can be obtained merely from the memory of past profits.
Study Fluctuations.
So say economists of the Department of Agriculture who have investigated fluctuations in hog production from 1871 to 1915. These detailed studies were made by Dr. Sewall Wright, of the animal husbandry division, bureau of animal industry, and are part of a program of studies dealing with meat animals initiated some time ago under the general supervision of E. W. Sheets, assistant chief of the division. The period mentioned, 1871 to 1915, was chosen for study because the aim was to find out what relations exist between hog production and prices and the corn situation in normal times. Since the World War disturbed normal conditions, the war period was left out of the reckoning. The close connection between corn prices and hog production is due, of course, to the fact that about 85 percent of the corn crop is consumed by live stock and is the principal element in the cost of producing hogs. Altogether about 40 percent of the total corn crop is consumed by hogs.
It has been found that hog breeding reaches its maximum from half a year to a year after hog prices touch their peak in relation to corn prices, and begin to decline. This belated action by the breeders produces a surplus of hogs a year or more later, by which time the hog-corn ratio is usually at or near its low point. On the other hand, breeding does not reach its low point until some time after the hog-corn price ratio has begun to rise again. There is consequently a swing to underproduction. Any cause leading to unusual profits or losses sets up oscillations in the number of hogs running about four years from crest to rest.
Should Study Conditions.
Apparently the price which the packers pay for hogs during a given season does not depend wholly on the actual supply offered. It is influenced to a greater extent by current and prospective conditions in the country as a whole, as indicated by the amount of breeding that has been done and by recent and current tendencies in corn prices. It is, therefore, suggested that the farmers would be well advised to study these conditions, instead of blindly rushing into hog production when prices are high and going out of the business when prices are low.
The department's investigators were struck with the fact that during the period studied the summer live weight of hogs marketed gave a remarkably close indication of the amount of breeding for the twelve-months' period ending in the following fall. Knowledge of the summer weight of hogs could thus have afforded a means of predicting pork production and winter slaughtering for the next year or more. Production, in fact, was more closely correlated with preceding summer weights and corn prices than with any of the other factors considered. Winter live weight, on the other hand, was determined largely by the preceding corn crop, and only secondarily by the amount of breeding done the preceding year.
Here is the way the department summarizes its study of the effect of the hog-corn ratio on future hog prices. Seasonal slaughter is determined in part by the amount of breeding during at least three years past, and in part by tendencies toward concentration in the summer season in which prices are high at the expense of the winter season, whenever the corn supply permits this to be done. This is why the corn crop has its maximum effect on hog slaughter in the summer after it was raised. There is a second peak of slaughter in the third following winter, due to the stimulus to breeding.
It is noted that while the farm price of hogs is very closely related with the packer's price, it lags behind the packer's price several months.

Best Fowls for Breeding
Do not allow the fowls in the breeding pen to become overfat. If the birds are of a small breed, such as Anconas, Leghorns or Andalusians, there is small chance of them putting on too much flesh, but if they are of the heavier breeds, such as Langshans, Brahmas or Orpingtons, you must make them work for their feed by scratching for it in deep litter.

Underfeeding Is Fatal
In many cases where live stock is lost, an investigation shows that a lack of feed is the cause. In some instances starvation lowers the resistance, and animals which are bred do not receive enough nourishment to feed their own bodies and the bodies of their young; consequently they perish before parturition.

"EVEN IN BEST OF FAMILIES"
By AGNES NORTH

"EVEN IN BEST OF FAMILIES"
THE Mitchell family was at its evening meal.
Following his custom, Mr. Mitchell related a few of the day's experiences and then turned with the same old question to his younger son:
"Well, Oscar, how did you get along today? Did you learn anything?"
"Uh-huh."
"Good boy, were you?"
And then came the surprise.
"Nope."
"No? What happened?"
"Ot-ter had a lickin'—but I didn't get it."
"Oscar! Why didn't you?" (This from the whole family.)
"Well, you see, we have sorter box in our room to put our rubbers in. I was kinder tired when I got in an' I thought I wouldn't take mine off. And then, just as I got up the aisle, I changed my mind and thought I would. So I leaned one hand on my desk and one on the desk across the aisle. (Here he illustrated by leaning both hands upon the table.) And then I scuffed one rubber off by the aid of my toe—you know—"
"Yes, I know," broke in Mrs. Mitchell with conviction.
Oscar maintained a strained silence for a moment. The family continued eating.
"And I suppose one of the teachers was watching you?" inquired his older brother.
"Oh, no. Miss Gray, my home-room teacher, was at the desk, but she wasn't looking. At least, I don't think she was. I had my back to her, you see, and I don't know."
"Yes, but I don't think that's any story," remarked Sister Elsie, who was a few years older and in a regular high school, instead of a junior high; and who, being that much ahead of Oscar, felt superior and never took stock in his stories.
"Well, who said it was a story? And, besides, I ain't done yet."
"Am not," corrected his aunt.
Oscar subsided again and the story would have been lost if it had not been for older brother.
"That was an interesting beginning. Orbie. Dad and I are listening, anyway."
"Well, anyhow, the other scuffed off at the heel all right, but it just simply stuck at the toe, and so I—I swung it a little so's to shake it off, but it didn't budge—so I swung a little more. Well, that is, perhaps not a little more, but some more—more than I meant to. And, and, well, it—it it flew."
"Flew!" reiterated his mother.
"Flew!" laughed his sister. "Of course it did!"
Neither his father nor his brother spoke, yet both had mental pictures of windows, and the latter felt in his pocket for some change; he remembered quite distinctly that glass cost money.
"What flew?" questioned his aunt.
"Why, the—the rubber," stammered Oscar, and was silent.
"Flew where?" Mr. Mitchell asked (after waiting to make sure that no one else would).
Silence.
Oscar choked. He swallowed some water and then decided to make the best of the situation he had created.
"It went up toward the ceiling over me and then it turned a circle and started toward the front of the room. It was, well, it was all muddly. Yes, you remember, I told you Miss Gray was up toward the front of the room, standing by her desk, talking to Ginger?"
No one answered his question. It was not necessary.
"Well, 'tweren't no fault of mine if she was there. I didn't tell her where to stand. But—but when that rubber started, I—I—turned round quick to see where it was goin', and there it was, goin' straight for her."
Pause.
"And, o' course, the old thing had to land bang on her head!"
Oscar choked again. In fact, everyone choked. For a moment Orbie's nose looked black indeed.
Finally, brother relieved the situation.
"And what did she say?"
"I should say, and what did she do?" interposed Auntie.
"That was the worst of it." (Oscar was enjoying the situation now.) "She—she—well—she looked up and—and—smiled, and she said, 'Well, Oscar, that was a good shot!' And she handed me back my rubber—and that was all she said about it. And I know I must have hurt, and, besides, it was all mud, and some of it stayed in her hair, but—but that was all."
The Mitchell family drew a deep breath.
"Guess mother'll have to invite her in to tea some night," brother added.
"Well, I guess not!" interposed Auntie. "She must have her idea of this family already. To bring a boy up to conduct himself so in public!"
And thus ended the evening meal.

Boy Scouts Have Castle
Cappy castle in the Olse department, France, has become for French boy-scouts "Happy castle." The picturesque building has recently been purchased for these lads as a permanent campsite by the American Committee for Devastated France. Here the "bare-kneed" hunters can practice outcraft and roam the great outdoors amid charming and unrestricted surroundings.

Brotherhood Among Men.
In every period and in every society there exists an understanding of the meaning of life which represents the highest level to which the men of that society have attained—an understanding defining the highest good at which that society aims. The religious perception of our time, in its widest application, is the consciousness that our well-being, both material and spiritual, lies in the growth of brotherhood among all men—in their loving harmony one with another.—Tolstoy.

MIRRORS
Made to order. Old mirrors resilvered. All work is guaranteed. Seven to ten days service. Leave orders at Stevenson's Furniture Store. 29mchdimo. Lancaster Mirror Co.

Dreams That Annoy.
A queer dream, and a very irritating one, is that of trying to catch a train and missing it, or of getting into the wrong train. If very vivid these dreams usually portend worries of a financial kind, not infrequently embracing the loss of a post or so much pay. If merely vague and blurred, they signify nothing in particular.

Wedding Anniversaries.

The wedding anniversaries are: First, cotton; second, paper; third, leather; fourth, fruit and flowers; fifth, wooden; sixth, sugar; seventh, woolen; eighth, India rubber; ninth, willow; tenth, tin; eleventh, steel; twelfth, silk and fine linen; thirteenth, lace; fourteenth, ivory; fifteenth, crystal; twentieth, china; twenty-fifth, silver; thirtieth, pearl; fortieth, ruby; fiftieth, golden; seventy-fifth, diamond.

The Man They Remember.

Women prefer a good man, one who is resolute, noble and self-sacrificing. But they are likely to grow tired of him. On the other hand, their interest in a "bad man" never lags.—Philadelphia Ledger.

LEGAL NOTICE

Arthur J. Brown, Mary Brown, Harry Brown and Grace Brown, residing at No. 3711 Yellowstone avenue, in Detroit, Michigan, and William J. Brown and Beatrice Brown living at No. 2212 Oakman Boulevard, Detroit, Michigan, are hereby notified that on the 24th day of March, 1924, Marguerite E. Beaver filed her petition in the Court of Common Pleas against the above named parties and other heirs of Kate F. Brown and Jacob Brown, deceased, praying for the partition of the following described real estate situated in the County of Pickaway, State of Ohio, and bounded and described as follows:

FIRST PARCEL.

Fifth Ward, being lot No. 27, in square No. 10, of Andrew Huston's Second Addition to the City of Circleville, the same being lot No. 748, according to the revised numbering of the lots in said city.

Second Parcel—Third Ward, being

a part of Fractional Section No. 5, Township No. 4 and Range 22 W. S. and part of Section No. 19, Township No. 11 and Range 21 W. S. Beginning at a post in the northeast corner of a lot sold to Samuel Marfield from which a mulberry tree 15 inches in diameter bears S. 16 degrees E. 25 links distant; thence with the west line of Prairie Street S. 20 degrees E. 20 poles to the Section line; thence with the Section line N. 88 1/2 degrees W. 140 poles to a stone planted in the root of a Sycamore 84 inches in diameter lower corner of the lot sold to Samuel Marfield; thence with said line S. 39 degrees E. 23 poles and 16 links to the beginning, containing 26 acres of land.

Third Parcel—Third Ward, being

a part of Section No. 19, Township No. 11 Range 21 W. S. Beginning at a post the northwest corner to Andrew Huston's Second Addition to the City of Circleville and in the line of Samuel Marfield; thence with said line N. 70 degrees W. 4 1/2 poles to a post corner to said Marfield, also corner to Pedrick; thence with said Pedrick's line S. 20 degrees W. 24 poles to a post another of his corners in the south line of said Section; thence with said line N. 89 degrees E. 4 poles and 11 links to a black oak in the west line of Prairie Street; thence N. 20 degrees E. 22 1/2 poles to the beginning, containing 99 poles of land.

Fourth Parcel—Third Ward, beginning at a Sewer pipe in the north line of Section No. 30, Township No. 11, Range 21, Worthington's Survey, and in the west line of Prairie Street; thence with said Section line N. 85 degrees W. 28.52 poles to a stake; thence S. 24 degrees W. 2.32 poles to a post, thence S. 85 degrees 30 minutes E. 28.60 poles to a post in the west line of said Prairie Street; thence with said line N. 24 degrees E. 2 1/2 poles to the place of beginning, containing four-tenths (4) of an acre of land, more or less, being a part of the Northwest Quarter of said Section No. 30, Township No. 11, Range 21, Worthington's Survey, and being a part of tract of land purchased by said Patrick Kirwin from Edward Smith by deed dated April 2, 1895.

Excepting from the last three described tracts 22 acres and 144 poles conveyed by said Jacob Brown and wife to The Portage Strawboard Company, by deed dated June 16, 1887, and Recorded in Volume 57, pages 139 and 181 of the Deed Records of Pickaway County, Ohio.

Also Excepting: therefrom 2 19-100 acres conveyed by said Jacob Brown and wife to The American Strawboard Company by deed dated May 11, 1901, and Recorded in Volume 74 pages 182 and 183 of the Deed Records of Pickaway County, Ohio.

Undivided one-half interest, Fifth Ward, being lot No. 28, in square No. 10, of Andrew Huston's Second Addition to the City of Circleville, the same being lot No. 747, according to the revised numbering of the lots in said City of Circleville, Ohio.

The said Arthur J. Brown, William J. Brown and Harry Brown, above named are heirs of Kate F. Brown, deceased and Jacob Brown, deceased, and are each entitled to an undivided one-eighth interest in said real estate and Marguerite E. Beaver desires to have her interest set off to her in severalty, or if that cannot be done without manifest injury that such proceedings be had as are authorized by law.

Said parties are required to answer on or before the 24th day of May, 1924.

MARGUERITE E. BEAVER
by M. J. Walsh, Her Attorney.

Administrator's Sale
Of Real Estate.

In pursuance of an order of sale of the Probate Court of Pickaway County, Ohio, I will offer for sale at public auction on

MONDAY, APRIL 7, 1924,
at 2 o'clock P. M., at the door of the Court House in the City of Circleville, Ohio, the following described real estate, situated in the County of Pickaway and State of Ohio and in the City of Circleville, to-wit:

Beginning at the northwest corner to a tract of land made by W. C. Row in the south line of Mound Street; thence with the south line of Mound Street N. 65 degrees W. 40 feet to a stake northeast corner of said tract; thence S. 20 degrees E. 170 feet to a stake 30 feet from the center of the C. & M. V. Railroad; thence parallel to the center of said Railroad S. 85 degrees E. 45 minutes E. 42 1/2 feet to the southwest corner of said Tract No. 2; thence N. 21 degrees 45 minutes E. 157 1/2 feet to the beginning, containing 24 poles of land, more or less, and being part of the S. W. 1/4 of Section 2, Township 11, Range 21, W. S. and being the same premises conveyed to Elliott Nichols and Mary Nichols by deed from George T. Row and wife, dated March 19, 1906, and recorded in the Deed Records of said County, Book 81, page 533. Said property is located at No. 467 East Mound Street, being east of Mound Street No. 2.

Appraised at \$900.
TERMS OF SALE:—One-half cash in hand on day of sale and the remaining one-half in one year to be secured by mortgage on the premises sold and to bear interest from day of sale.
CHARLES H. MAY
Administrator of the Estate of Elliott Nichols, Deceased.
26mchwt.

Incas Use Coca Leaves
When on Long Jaunts

When the Spaniards first came to the highlands of South Africa they found many strange things being done by the couple of million inhabitants who lived all the way from what is now Ecuador to the northern part of Chile. These people smelted copper, wove cloth, built houses of heavy masonry, embalmed dead bodies and used gold for household cooking, eating and drinking vessels. This last was their undoing, for while they put a value on gold only as something to use like any other metal, the Spaniards prized it as we do and went crazy over it.

These people had a large sheep they used for packing, but it was too small for a riding animal and not very swift so all the swift errands were performed by runners. It is said that the Inca king each day ate fresh fish caught from the sea and hurried to him by relays of fast runners. Incredible records were made by these men, who had been trained from infancy almost to run.

The high altitude develops huge lung power after generations have been bred in it, but for you and me it makes for short-windedness. But the people who are born and brought up in the rarefied air are short and stocky and with very large lungs. They lived in a country ranging from 10,000 to 14,000 feet high with mountains running up at intervals to over 22,000 feet.

All were—and are yet—inveterate users of coca. This is leaves from the tree of the plant from which cocaine is extracted. For long feats of endurance they took a small package of these leaves and constantly kept a wad of them in their mouths wrapped around a small bit of unslaked lime to free the cocaine and other alkaloids contained in the coca leaves.

One American doctor who investigated the subject and wrote a large book on it and a famous American writer (Doctor Monzans) claim that cocaine used in this fashion appears to free great reserves of strength and is not attended with the pernicious results following use of the drug cocaine, which has not the balancing chemicals found in the entire leaf. Be that as it may, the Indian runners and packers used and still use this leaf when on their long jaunts.—Adventure Magazine.

Hebrew Language

Owing to the efforts of Ben Yehudah, an enthusiast for Jewish nationalism, the ancient Hebrew is being revived. This language was not spoken even so late as the time of Christ. In those days the inhabitants of Judea spoke Aramaic. For more than forty years Ben Yehudah worked. Besides all his propaganda in the schools, in the press and on the platform he set to work on a tremendous lexicon or thesaurus in ten volumes, almost as great a work as the great Oxford dictionary, on which a corps of English scholars have been at work for a generation. He died with that work uncompleted, but so far advanced that his disciples can readily finish it. Most of the Jews in the Holy Land now speak Hebrew and are proud to call it their "mother tongue." The British government, which holds a mandate over Palestine under the treaty of Versailles, recognizes Hebrew as an official language and publishes a Hebrew copy of all legal governmental papers.

X-Rays Made by Glowworms

That properties peculiar to X-rays may be contained in the light emitted by glowworms is the opinion of some scientists, expressed in recent interviews. A Japanese has experimented with three hundred of the worms, and their rays, filtered through cardboard and copper plates, were said to have shown elements closely resembling those given off by various radioactive minerals.—Popular Mechanics.

Bankrupts' Sale
Of Real Estate.

The undersigned Trustee in bankruptcy of Stephen E. Layton, Bankrupt, and of his wife, Susie Layton, respectively, in proceedings in bankruptcy in causes Numbers 4598 and 4606, respectively, in the District Court of the United States for the Southern District of Ohio, in pursuance of decrees and orders of sale of said District Court of the United States, aforesaid, made in said causes aforesaid respectively, for the sale of the undivided one-half interest or share of each of said Bankrupts respectively in the real estate hereinafter described, will offer for sale, at public auction, on the premises at two o'clock Central Standard time on

FRIDAY, APRIL 18, 1924,
the whole of the following REAL ESTATE, situated about one mile west of Lakewood on the Buckeye Turnpike in Scioto Township in Pickaway County, Ohio, bounded and described as follows, to-wit:

Known as lot No. 4, in Tract No. 3, as numbered and marked in the map and described in the Field Notes by Aaron Merchant in May, 1869, all of which are duly recorded in the proper office in said Pickaway County, to which reference is hereby made for special description which said lot is a part of the tract known as Buckeye land in Scioto Township, formerly Darby Township, containing 58.87 acres of land according to said survey, but subject to all legal highways and being the same premises which were conveyed to said Stephen E. Layton and to his wife, Susie Layton, in common in equal amounts by Ada E. Tobin and others by deed dated October 15, 1921, and recorded in Deed Book No. 101 at page 199 of the records of deeds in the Recorder's office of Pickaway County, Ohio.

The undivided one-half of each said Bankrupts was appraised at \$2384.00 making the whole appraised at \$4768.00.

Said real estate will be sold for cash at not less than three-fourths of its appraised value, free from all liens and contingent or inchoate dower.
Trustee in Bankruptcy of said Stephen E. Layton and of said Susie Layton, Bankrupts,
Charles Gerhardt, Attorney.

Hog Production
Travels Circle

Amount of Breeding Determined by Profits Made the Preceding Year.

(Prepared by the United States Department of Agriculture.)

Hog raising in the United States is dominated by an innate tendency to fall into a vicious circle of successive over and under production, normally running two years from one extreme to the other. This is brought about largely by the fact that the amount of breeding at a given time is mainly determined by the profits made from hogs during the preceding year, which depend on the ratio between the price of corn and the price of hogs. If these ups and downs are to be eliminated, hog breeding must be based on a sounder view of probable future conditions than can be obtained merely from the memory of past profits.

Study Fluctuations.

So say economists of the Department of Agriculture who have investigated fluctuations in hog production from 1871 to 1915. These detailed studies were made by Dr. Sewall Wright, of the animal husbandry division, bureau of animal industry, and are part of a program of studies dealing with meat animals initiated some time ago under the general supervision of E. W. Sheets, assistant chief of the division. The period mentioned, 1871 to 1915, was chosen for study because the aim was to find out what relations exist between hog production and prices and the hog situation in normal times. Since the World War disturbed normal conditions, the war period was left out of the reckoning. The close connection between corn prices and hog production is due, of course, to the fact that about 85 percent of the corn crop is consumed by live stock and is the principal element in the cost of producing hogs. Altogether about 40 percent of the total corn crop is consumed by hogs.

It has been found that hog breeding reaches its maximum from half a year to a year after hog prices touch their peak in relation to corn prices, and begin to decline. This belated action by the breeders produces a surplus of hogs a year or more later, by which time the hog-corn ratio is usually at or near its low point. On the other hand, breeding does not reach its low point until some time after the hog-corn price ratio has begun to rise again. There is consequently a swing to underproduction. Any cause leading to unusual profits or losses sets up oscillations in the number of hogs running about four years from crest to rest.

Should Study Conditions.

Apparently the price which the packers pay for hogs during a given season does not depend wholly on the actual supply offered. It is influenced to a greater extent by current and prospective conditions in the country as a whole, as indicated by the amount of breeding that has been done and by recent and current tendencies in corn prices. It is, therefore, suggested that the farmers would be well advised to study these conditions, instead of blindly rushing into hog production when prices are high and going out of the business when prices are low.

The department's investigators were struck with the fact that during the period studied the summer live weight of hogs marketed gave a remarkably close indication of the amount of breeding for the twelve-months' period ending in the following fall. Knowledge of the summer weight of hogs could thus have afforded a means of predicting pork production and winter slaughtering for the next year or more. Production, in fact, was more closely correlated with preceding summer weights and corn prices than with any of the other factors considered. Winter live weight, on the other hand, was determined largely by the preceding corn crop, and only secondarily by the amount of breeding done the preceding year.

Here is the way the department summarizes its study of the effect of the hog-corn ratio on future hog prices. Seasonal slaughter is determined in part by the amount of breeding during at least three years past, and in part by tendencies toward concentration in the summer season in which prices are high at the expense of the winter season, whenever the corn supply permits this to be done. This is why the corn crop has its maximum effect on hog slaughter in the summer after it was raised. There is a second peak of slaughter in the third following winter, due to the stimulus to breeding.

It is noted that while the farm price of hogs is very closely related with the packer's price, it lags behind the packer's price several months.

Best Fowls for Breeding

Do not allow the fowls in the breeding pen to become overfat. If the birds are of a small breed, such as Anconas, Leghorns or Andalusians, there is small chance of them putting on too much flesh, but if they are of the heavier breeds, such as Langshans, Brahmas or Orpingtons, you must make them work for their feed by scratching for it in deep litter.

Underfeeding Is Fatal

In many cases where live stock is lost, an investigation shows that a lack of feed is the cause. In some instances starvation lowers the resistance, and animals which are bred do not receive enough nourishment to feed their own bodies and the bodies of their young; consequently they perish before parturition.

"EVEN IN BEST
OF FAMILIES"

By AGNES NORTH

"EVEN IN BEST OF FAMILIES"

THE Mitchell family was at its evening meal.

Following his custom, Mr. Mitchell related a few of the day's experiences and then turned with the same old question to his younger son:

"Well, Oscar, how did you get along today? Did you learn anything?"

"Uh-huh."

"Good boy, were you?"

And then came the surprise.

"Nope."

"No? What happened?"

"Ot-ter had a lickin'—but I didn't get it."

"Oscar! Why didn't you?" (This from the whole family.)

"Well, you see, we have sorter-er box in our room to put our rubbers in. I was kinder tired when I got in an' I thought I wouldn't take mine off. And then, just as I got up the aisle, I changed my mind and thought I would. So I leaned one hand on my desk and (here he illustrated by leaning both hands upon the table.) And then I scuffed one rubber off by the aid of my toe—you know—"

"Yes, I know," broke in Mrs. Mitchell with conviction.

Oscar maintained a strained silence for a moment. The family continued eating.

"And I suppose one of the teachers was watching you?" inquired his older brother.

"Oh, no. Miss Gray, my home-room teacher, was at the desk, but she wasn't looking. At least, I don't think she was. I had my back to her, you see, and I don't know."

"Yes, but I don't think that's any story," remarked Sister Elsie, who was a few years older and in a regular high school, instead of a junior high; and who, being that much ahead of Oscar, felt superior and never took stock in his stories.

"Well, who said it was a story? And, besides, I ain't done yet."

"Am not," corrected his aunt.

Oscar subsided again and the story would have been lost if it had not been for older brother.

"That was an interesting beginning, Orbie. Dad and I are listening, anyway."

"Well, anyhow, the other scuffed off at the heel all right, but it just simply stuck at the toe, and so I—I—I swung it a little so's to shake it off, but it didn't budge—so I swung a little more. Well, that is, perhaps not a little more, but some more—more than I meant to. And, and, well, it—it—it flew."

"Flew!" reiterated his mother.

"Flew!" laughed his sister. "Of course it did!"

Neither his father nor his brother spoke, yet both had mental pictures of windows, and the latter felt in his pocket for some change; he remembered quite distinctly that glass cost money.

"What flew?" questioned his aunt.

"Why, the—the rubber," stammered Oscar, and was silent.

"Flew where?" Mr. Mitchell asked (after waiting to make sure that no one else would).

Silence.
Oscar choked. He swallowed some water and then decided to make the best of the situation he had created.

"It went up toward the ceiling over me and then it turned a circle and started toward the front of the room. It was, well, it was all muddy. Yes, you remember, I told you Miss Gray was up toward the front of the room, standing by her desk, talking to Ginger?"

No one answered his question. It was not necessary.

"Well, weren't no fault of mine if she was there. I didn't tell her where to stand. But—but when that rubber started, I—I—turned round quick to see where it was goin', and there it was, goin' straight for her."

Pause.

"And, o' course, the old thing had to land bang on her head!"

Oscar choked again. For a moment Orbie's case looked black indeed.

Finally, brother relieved the situation.

"And what did she say?"

"I should say, and what did she do?" interposed Auntie.

"That was the worst of it." (Oscar was enjoying the situation now.) "She—she—well—she looked up and—and smiled, and she said, 'Well, Oscar, that was a good shot! And she handed me back my rubber—and that was all she said about it. And I know it must have hurt, and, besides, it was all mud, and some of it stayed in her hair, but—but that was all.'"

The Mitchell family drew a deep breath.

"Guess mother'll have to invite her in to tea some night," brother added.

"Well, I guess not," interposed Auntie. "She must have her idea of this family already. To bring a boy up to conduct himself so in public!"

And thus ended the evening meal.

Boy Scouts Have Castle

Cappy castle in the Oise department, France, has become for French scouts "Happy castle." The picturesque building has recently been purchased for these lads as a permanent campsite by the American Committee for Devastated France. Here the "bare-kneed" hunters can practice outcraft and roam the great outdoors amid charming and unrestricted surroundings.

Brotherhood Among Men.

In every period and in every society there exists an understanding of the meaning of life which represents the highest level to which the men of that society have attained—an understanding defining the highest good at which that society aims. The religious perception of our time, in its widest application, is the consciousness that our well-being, both material and spiritual, lies in the growth of brotherhood among all men—in their loving harmony one with another.—Tolstoy.

MIRRORS

Made to order. Old mirrors resilvered. All work is guaranteed. Seven to ten days service. Leave orders at Stevenson's Furniture Store. 20mchdlmo. Lancaster Mirror Co.

Dreams That Annoy.

A queer dream, and a very irritating one, is that of trying to catch a train and missing it, or of getting into the wrong train. If very vivid these dreams usually portend worries of a financial kind, not infrequently embracing the loss of a post or so much pay. If merely vague and blurred, they signify nothing in particular.

Plants Grow Toward Light Unless Blinded

A house plant grows toward the light, and if the pots are turned about so that the leaves face away from the window, it takes only a day or two for them to screw themselves around once more into nearly their old positions. If now one looks carefully for the joints where this bending is done, he sees at once that nearly all stalks have two. At the bottom of each leaf stalk, where it joins the twig, there is a spot of soft, bright green tissue, which is one joint. Then, at the other end of the stalk, where it joins the leaf, there is likely to be still another. One sees this easily in the bean. The leaf, as a whole, has one of these joints between leaf stalk and stem. Then each of the three leaflets has one of its own, between itself and the common leaf stalk. So, too, the three leaflets of the clover move, each by itself, by means of such a joint.

Curiously, however, as has been discovered only lately, these bright green spots are not simply the joints of the leaf; they are also its eyes. It has been found that if the spots are covered with black paper, the plant becomes blind, so that it no longer turns its leaves toward the light. But, if the rest of the leaf, and its stalk are covered, and only the joints left exposed, then the leaves turn as usual. Moreover, not only light, but also pinpricks, acids, electric shocks and heat, applied at these joints, will cause the leaf to move.—St. Nicholas Magazine

Carthaginians Taught Romans to Build Roads

The Roman empire was intersected by roads constructed principally between the Second and Fourth centuries after Christ. These highways varied in width from 8 to 15 feet, and were almost universally built in straight lines without regard to grade, probably because the use of beasts of burden as the chief means of transport made the preservation of the level an affair of minor importance. Soldiers, slaves and criminals were employed in the construction of these highways, the durability of which is shown by the fact that, in some cases, they have sustained the traffic of 2,000 years without material injury.

The Roman forum is said to have been the point of convergence of 24 roads, which, with branches, had a total length of 52,904 Roman miles. The Romans are said to have learned the art of road building from the Carthaginians.—Adventure Magazine.

"Grads" Feed Students

A college town in western New York, where nearly everybody goes to the institution, presents some startling incongruities. About a third of the restaurants are run by college graduates, and it is a common thing to see an ad in the papers like, "Eat at Bugs Burgess' restaurant, A. C. Burgess, '16, manager."

On one street is an ice cream parlor whose proprietor has just received his degree of doctor of philosophy. Professors come in and discuss the winter habits of the Bastidiospore, while the proprietor stands by in white apron.

Of course no customer can interrupt such a discussion, but must wait until the Ph. D. is through before he orders his nut sundae.—New York Sun and Globe.

Rare Sea Shell

In a specially provided case in the foyer of the American Museum of Natural History, there was exhibited recently for the first time one of the most highly prized cone shaped shells ever found in the world. According to scientific authorities, it is properly called "The Glory of the Sea."

It is about five inches in length, of peculiarly slender appearance, graceful proportions, and has a tapering spire. It suggests an unfolding rosebud. The ground color is pale ivory, overlaid with a mosaic of thousands of triangular figures ranging from an eighth of an inch to almost microscopical size. These triangles are outlined in chrome yellow or deep chestnut brown.

A Sure Sign

An old dandy who made his living, as he said, "by takin' in white-washin', floor cleanin' and particular jobs," met one of his white customers shortly after the first of the year.

"How are you this morning, Uncle Dave?" asked the white man.

"Well, sah, I'm des dat good dat I'm gwine to live for anuder year," was the reply.

"How can you be certain of that?" "Hits dis 'er way, I allus notices dat when I lives twel New Year's I allus lives anuder year," was the triumphant response.—Judge.

Innocent and Guilty

"Did you tell the sheriff he might shoot at a fleeing robber?"

"Yep," replied Cactus Joe. "The city council decided that he could shoot so's to spare him, bein' careful at the same time not to hit him."

"That's a humane idea."

"But it ain't workin' out. In a crowded street the robber's the only one that's perfectly safe."—Washington Evening Star.

Not Working for Fun

A small boy was scrubbing the front porch of his home when a visitor called.

"Is your mother in?" asked the visitor.

"Do you think I'd be scrubbing the porch if she wasn't?" replied the boy.

SUNDAY SERVICES

Hours of Worship in the Different Churches.

Subjects of Sermons on Which Pastors Will Preach Morning and Evening—Other Meetings of a Religious Character.

ST. JOSEPH'S CHURCH.

(West Mound St.)
Rev. Father J. S. Hannan, Pastor.
Low mass at 7:30. High mass and sermon at 9:30. Holy Hour followed by benediction at 3 o'clock.

ST. PHILIP'S CHURCH

West Mound St.
Robert Lee Baird, Rector.
(Fifth Sunday in Lent.)
Holy communion and sermon at 10. Church school 9. Lenten services every Tuesday and Thursday evening at 7. The Rev. Sidney E. Sweet, rector of St. Paul's Columbus, will preach Thursday evening, April 10. All are welcome.

CHURCH OF THE BRETHREN

Pickaway and Logan Streets
Rev. Mr. Coppock, Pastor.
Sunday services as follows: Church school 9:30 a. m. Morning worship 10:40, theme: "Who is Christ?" At 2 p. m. services at the Home and hospital. Sunday evening 6:15, Christian Workers' meeting followed by preaching at 7 o'clock. An exposition of the fourth parable of Matthew 13. There will be services each evening during the week and will continue thru Passion week. To these services all are welcome; come and let us get "In the Spirit" for this Easter occasion. The Sisters' Aid society will meet at the home of Mrs. Delong, of Logan street, Thursday afternoon at 1 o'clock.

U. B. CHURCH.

East Main St.
Rev. S. W. Hiles, Pastor.

Sunday school 9:15. Mr. E. S. Neuding, Superintendent. Morning worship and sermon at 10:30. Junior, Intermediate and Senior Christian Endeavor 6 o'clock. On account of the Union City Sunday School convention at the Presbyterian church there will be no evening service. The regular monthly business and social session of the Intermediate and Christian Endeavor will be held Tuesday evening at the home of Miss Anna Jane White East Franklin street, business of importance to be transacted. The last chapter of the book "Partners" will be studied Wednesday evening with the pastor beginning at 7:30. Note change of time. The Otterbein Brotherhood will hold their regular meeting Thursday evening at the community house.

EVANGELICAL CHURCH.

Cor. Mill and Washington Sts.
Rev. E. D. Paulin, Pastor.
Sunday school at 9 o'clock. C. O. Leist, superintendent. Miscellaneous service at 10 o'clock. Junior and Intermediates meet at 1 o'clock. All the children are urged to be present. Young People's service at 6, leader, Mrs. Harry Denman, subject: "In His Steps, How Jesus Loved and Served." No evening service on account of the City Sunday School convention at the Presbyterian church. Prayer meeting Wednesday evening at 7:30 o'clock. A welcome is extended to all.

THE FIRST M. E. CHURCH.

East Main Street.
Edwin K. Johnson, Minister.
Sunday school at 9 a. m. Professor O. O. Crawford, superintendent. Morning worship at 10:15. Sermon by the pastor. Epworth League at 6 p. m. Union service in the Presbyterian church at 7 o'clock.

PRESBYTERIAN CHURCH

Rev. F. E. Logee, Pastor.
(East Mound Street.)
This is communion Sunday. Every member is expected to be in his place. The session of the church will meet at 9:45 to receive those desiring to unite with the church. Communion service at 10:15. At 2 the afternoon session of the Sunday School convention will be held. The evening session of the convention will be held at 7:00 o'clock. This will take the place of the regular evening service. The Young People's societies will meet as usual at 6 o'clock. We welcome everyone to all of our services.

TRINITY LUTHERAN CHURCH

Rev. G. J. Troutman, Pastor.
(East Mound Street.)
Sunday school at 8:45. Morning services at ten o'clock, subject, "Promises Made and Broken." Evening worship at 7 o'clock subject: "A Man of God in Trouble." Lick Run services at 2:30 p. m. Von Bora society Monday evening. Lenten ser-

vices Wednesday evening. Public examination of catechism Thursday evening. Teachers' meeting Friday. Catechetical instruction Wednesday afternoon and evening.

PICKAWAY U. B. CIRCUIT.

Rev. George Weir, Pastor.
458 East Franklin Street.
Dresbach Sunday school 1:30. Preaching 2:30.

Morris Sunday school 9:30. Preaching 10:30. Y. P. S. C. E. 7:30. Wednesday evening prayer service at 7:30. Pontius Sunday school 9:30. Preaching 7:30. The Sunday schools of the charge are arranging for Easter and parents desiring their children baptized are requested to plan for that time. Don't forget the Easter market, which the ladies of the charge will hold at the community house, Circleville, April 12.

If our creeds had in them more of the breath of life they would be less likely to become objects of controversy.—Religious Telescope.

PICKAWAY U. B. CIRCUIT

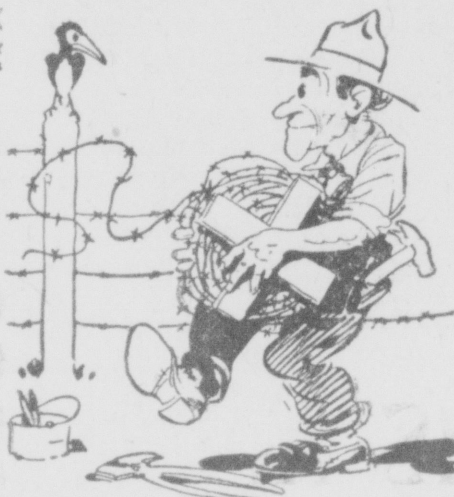

EASTER MARKET APRIL 12.

The members and friends of the Pickaway charge are hereby solicited to contribute and thereby help in a financial effort of the ladies culminating in an Easter market at the Community house, Circleville on Saturday, April 12, as follows:

Dressed chickens, dried noodles, milk, potatoes, apples, pies and cakes cottage cheese, butter, eggs, cream.

The ladies will be at the community house Saturday morning and during the day. They invite the patronage of the public at that time.

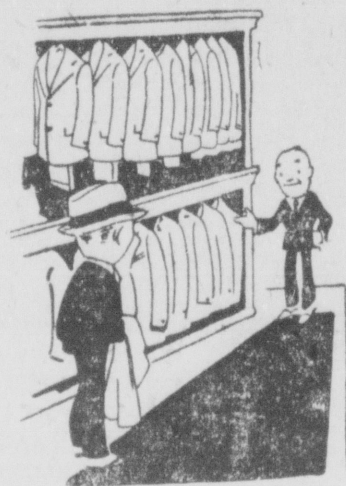

Read the want ads every day.

Nuggets of pure gold are easily found in the Want Ad Column.

"The Store That Treats You Right"

You Ought to at Least See This Stock Before You Take Stock in Any Other!

We're broadminded—we don't think that you should buy a Griffon suit before you look around—but we do think you should see what this store has to offer before you accept anyone else's

From your standpoint, if we can show you just a little better pattern—a little nicer fit—and just a little larger value—here is the place for your spending a few minutes before you spend anything else.

In your buying—they have to show us.

In our selling—we expect to have to show you—and that's why we want you to appraise this stock with your own eyes.

If you wish to make a selection—fine. If you feel like making an excuse—there's no harm done.

Griffon Easter Suits \$20 to \$45
Knox Easter Hats \$3.00 to \$7.00
Bond St. Easter Shirts \$1.50 to \$5.00

Colwell & Katz

"The House of Kuppenheimer."

NEW SPRING MERCHANDISE at Friedman's

One of our buyers is now in New York doing his best to purchase for this store pretty garments for your Spring wardrobe. Every day we receive beautiful Coats, Suits and Dresses for Easter Sale.

You will be surprised at the low price on these quality garments. The weather has been backward for the manufacturer and he is disposing of his merchandise at prices that will give our customers a pleasant surprise.
